Fifty-Second Year | Canyon, Texas, Thursday, February 19, 1948 | Number 51

Citizens Should Get Together in Town Meeting

Dr. S. H. Condron believes that the citizens of Canyon should get together at regular intervals and discuss the needs of local affairs. Dr. Condron spoke Tuesday at the Rotary Club luncheon on conditions in Canyon. He has been a member of the city commission for the past four years.

The city passed a zoning ordinance in 1947. The ordinance should have been passed years ago. "We have 10,000 ugly town and cities in America for the lack of city planning," stated the speaker.

Dr. Condron asked Tom Knighton to report on progress at the Canyon Club.

Mr. Knighton stated that 300 acres, located 2½ miles from Canyon, were bought in 1906. There is nothing like the location in the entire Panhandle. The club members could sell out at a profit of $1,000 per share, but want to keep the club for future generations. There is good fishing, trees, grass and flowers. The golf course is being improved. Members of the club want to see more Canyon citizens interested in the club.

The health of Canyon is of great importance, stated Dr. Condron. Regular inspections are being made of all places in Canyon where foods are handled. "A clean town is a community obligation to the thousands of people who come here annually," stated the speaker.

Canyon must have another city well before another summer. The sewer system must be expanded before two years.

The public school grounds should be beautified and improved.

The approaches to Canyon along the highways should be beautified. The library facilities should be improved.

Canyon has talked about a city park for many years, but nothing has been done about it. Every town with a future has an obligation to the young people who come for self improvement.

Dr. Condron stated that he hoped Canyon would not develop into a town which did much talking and accomplished little in the way of improvements. He reccommended "town meetings" be held where these subjects would be discussed.

Visitors were: Emmitt Smith of White Deer; Rev. Paul Deats of Austin; Lee Oldham of Leoti, Kansas; Arch Hunsley, N. M. Owtlaw, F. H. Rietman, Oran Thomas, L. Wood Jackson, Max K. Watson, W. W. Rusk, E. C. Wagner, all of Amarillo.

Coke Stevenson Hits Communism In Church Talk

Dublin, Texas, Feb. 15.—Ex-Gov. Coke Stevenson, speaking before a Dublin church meeting which he pointed out could not be held in any country dominated by Communists, Sunday night declared that the basic purpose of Communism is to destroy freedom.

Stevenson appeared before a union meeting of Dublin church congregations at the invitation of Rev. Mr. Oby Nelson, pastor of the Erath County town's First Baptist Church. The former governor, an announced candidate for the United States Senate, did not touch on politics in his address.

"The Communists realize they cannot survive if the people are taught the principles that Jesus brought to man on earth nearly two thousand years ago," Stevenson said. "They know that in any competition with God they are certain to lose. So they are against God. They are against religion.

"The Communists stand for the use, by any means of power over people. That is why they destroyed the churches in Russia, why they eliminated lodges and fraternal organizations, suppressed newspapers and turned youth organizations into military groups. They allow no human consideratioin to stand in the way of their unbridled lust for power.

"That is why you and I, and every God-fearing, freedom-loving man and woman, have no choice but to oppose vigorously and unrelenting the efforts of Communists to gain a foothold in our country."

RETURNS FROM JAPAN

Karl Meyers arrived Saturday after spending eleven months in Japan. At the time of his discharge Carl was ranked as private first class. Carl is the son of Mr. and Mrs. E. H. Meyers of this city. He plans to enter West Texas State to continue his education.

Mr. and Mrs. Leroy Lowery and family of Hedley spent the week end visiting here in the home of his parents, Mr. and Mrs. R. D. Lowry. They all visited in Tulia with relatives Sunday.

Scout Troop 66 Presents Program For Lions Club

Canyon Troop No. 66, of the Boy Scouts of America, gave a splendid program at the Lions luncheon last Thursday. It consisted of the dramatization of the Preamble of the Constitution and the first ten amendments, known as the Bill of Rights. Under the direction of Dr. C. H. Martin, scoutmaster for the local troop, and H. A. DeLashmutt, district represenative from Amarillo, seven boys participated in the program.

Representing George Washington, Thomas Jefferson and Alexander Hamilton, fathers of the Constitution, were Scouts Jimmy Wooten, Claude Money and Truman Laughery. With Clyde Root serving as reader, the inspiration of these founding fathers was deeply felt.

Representing religious freedom were Billy Bishop and Jimmy Owens. Enacting the role of oppressive police were Burnice Morris and Bobby King. Speaking for the voice of freedom was Truman Laughery, who served to remind all mankind that America still exists as a haven of refuge for freedom loving people.

Appearing in chains were Jimmy Owens and Billy Bishop, who again were delivered from oppressive police by the voice of freedom, or Jimmy Wooten, this time representing trail by jury. The immortal words of both Daniel Webster and Abraham Lincoln served to stir loyal hearts in a pledge of rededication to freedom. Remarks from Mr. DeLashmutt, relative to the maintenance of scout leadership, closed the program.

Visitors for the day included H. E. Weaver and J. E. Miller, with Lion Elmer Wooten, and Tom Lair, with Lion Robert A. Bellah.

Farmers Naming Committeemen Farm Bureau

The Randall County Farm Bureau is now holding its annual election meetings in the various communities in the county.

The meeting for Trigg community will be Thursday, Feb. 19 at 7:30; at Highland on Friday, Feb. 20; Ralph on Monday, Feb. 23; Sunny Hill-Fairview on Tuesday, Feb. 24; Park school on Wednesday, Feb. 25th and Jowell, Thursday, Feb. 26. Meetings were held at Umbarger, Monday and at Canyon, Wednesday of this week.

The county board of the Farm Bureau is composed of representatives elected from the various communities.

The current agricultural problems and the services of the Farm Bureau to its members are being discussed at the meetings now being held.

Officers for the County Farm Bureau will be elected at a meeting of the county board as soon as the community elections are complete.

Funeral Services Conducted for Mrs. Bethurem

Funeral services for Mrs. Sopha Bethurem were conducted Sunday afternoon at 3 o'clock in the Griggs-Warren Funeral Home, with Rev. Hubert Thomson, pastor of the First Methodist Church, officiating.

Mrs. Bethurem, a resident of this city since 1909, died Saturday at 4 p. m. She was 77 years old and was born in Germany. Her husband, H. Bethurem, preceded her in death. She was a member of the Christian Science Church.

Surviving are a daughter, Mrs. Bob Carter; two sisters, Mrs. Henrietta Lenszler and Mrs. Anna Jeschke, and a brother, John Ebling.

Interment was in Dreamland Cemetery under the direction of Griggs-Warren Funeral Home.

RETURNS TO WARM SPRINGS

Mrs. J. J. Sims has returned to Warm Springs, Gr., and will be there for several weeks, and will appreciate hearing from her friends. Her address is Georgia Warm Springs Foundation, Warm Springs, Ga. Mrs. Sims is the former Miss Geraldine Heath, daughter of Mr. and Mrs. G. B. Heath of this city. She, her husband, Johnny Sims, and two children now reside at Phillips.

MARRIAGE LICENSES

Graydon Lehr Meholin, Jr., to Donna Jean McCarty, Feb. 13.

Lowrence A. Klein to Mrs. Lena Bradford, Feb. 14.

Mrs. Cecil Hagood of Floydada spent several days in Canyon during the past week visiting with her parents, Mr. and Mrs. Worth A. Jennings.

J. T. Harp is attending a school of photography in Dallas. He is the son of Mr. and Mrs. Guy Harp of this city.

State Auditor Had Nothing to Do in Criticism

The News received a copy of the State Auditor's report which has been referred to on this page the past two weeks. The criticism of Randall county officials as reported in the Amarillo Times caused The News to request a copy of the report.

The whole story is that the State Auditor, C. H. Cavness, does not make an audit of any county, or any department of any county unless requested to do so. Randall county was referred to in his report only by quoting from the files of the State Highway Department, which had objected to Potter County citizens buying their auto license plates in Randall county. The State Auditor has no part in the matter, according to his letter, other than calling attention to practices over the state which the State Highway Department charges are irregular. Mr. Cavness referred to practices in many other counties of Texas.

It is clear, from the Auditor's letter, that the original story came from a news release in Austin where a reporter was seeking to create a sensation, rather than stick to the facts.

"I regret that this flurry has happened but, certainly insofar as we are concerned, the matter is closed," stated Mr. Cavness.

Herschel Coffee Will Speak at P-TA Thursday

The Canyon Parent-Teacher Association will meet Thursday evening, February 19, at 7:30 in the auditorium of the high school building.

Herschel Coffee of West Texas State College, and students of the college will present an interesting and informative program on "Your Government Is You."

Special music will be provided by the High School Band.

All patrons and friends of the school are cordially invited.

A social hour will follow the program.

Byrle Elliston Is Showing Pictures of Park in Canada

The News has received a card from J. B. Elliston of Hereford from Hamilton, Canada. He is making a tour of Canada and the Northeastern United States showing motion pictures of the Hereford section and of the Palo Duro Park.

Byrle writes that he is having a wonderful reception from all towns on the trip, and that the people are enthusiastic over the Southwest.

Tommie Thompson Gets Discharge

Tommie Thompson is home from the Navy where he has served for 3 years. He received his discharge. He is the son of Mr. and Mrs. C. L. Thompson.

Tommis has enrolled in West Texas State, and will enter the engineering department of the University of Texas in September.

Attended Weekend Music Meet at Waco

Those from West Texas State who attended the Music Convention at Waco for the weekend were Miss Ada V. Clark, M. J. Newman, Glenn Truax and five students.

All of the delegation are connected with the music department of the college.

CUB SCOUTS TO MEET

Cub Scout Pack, No. 31, will have Pack meeting Monday evening, Feb. 23, at 7:30 at the Methodist Church. There will be a covered dish supper. All Scouts and their parents are urged to attend.

Mr. and Mrs. John Guthrie, Jr., and daughters will go to Lubbock this week to make their home. They have bought a house, and Mr. Guthrie will be associated with his brother-in-law, Floyd Brown, in the floor sanding and refinishing business.

Plains Pioneer Resident Dies At Age of 93

Mrs. Emily Jane Hough, 93 years old, a resident of the Panhandle and South Plains for 57 years, died Saturday morning at Amarillo Osteopathic Hospital.

Funeral services were conducted at 3 o'clock Sunday afternoon in the First Baptist Church at Hereford, of which she was a charter member. Officiating were Dr. Roy L. Johnson, pastor of the local First Baptist Church, and Rev. R. H. Cagle, pastor of the Hereford church.

Burial was in the Hereford Cemetery under the direction of N. S. Griggs & Sons.

Mrs. Hough was the daughter of Mr. and Mrs. Pleas Ferguson and was born Aug. 6, 1854, on a plantation in Mecklenberg County, N. C., where she lived until she married the late John Wesley Hough in Rock Creek Church, Sept. 15, 1871.

In 1882 Mr. and Mrs. Hough moved to Texas, settling in Franklin County where they farmed until 1888 when they moved to Parker County and Mr. Hough entered the contracting and building business.

The Houghs moved to Floydada in 1891, seven families making the trip in covered wagons from Parker County. In 1900 Mr. and Mrs. Hough moved to Hereford. Mr. Hough died in 1908. Hrs. Hough lived in Hereford until 1929 when she moved to Canyon to make her home.

Mrs. Hough was an active worker in the Baptist Church in the communities in which she lived.

She was the mother of nine children, three of whom survive. They are a daughter, Mrs. Fannie Robeson, Clifton, Ariz., and two sons, L. W. Hough, Amarillo, and Raleigh W. Hough, La Junta, Colo.

Higher Mercury Following Sub Zero Weather

The temperature dropped to 2 degrees below zero last Wednesday night, making the second sub-zero weather for the year.

The weather was severe in that a stiff wind blew from the north throughout Wednesday and Thursday. A light snow fell, but it was very dry and measured only .02 of an inch of moisture.

Due to the cold wave and lack of gas on the South Plains, practically all business was suspended Thursday and Friday. Schools were closed in all towns served by the West Texas Gas Co.

With slight thaws during the days, the streets were a glaze of ice Thursday, Friday and Saturday. Higher temperatures started to move the snow Sunday.

The temperature has remained high throughout the balance of the week, with no freezing weather at nights. Most of the snow has been melted.

A. A. U. W. Hears Guest Speakers At Open Meeting

The Canyon Branch of the American Association of University Women held an open meeting Monday night, Feb. 2, in the Auditorium of the Education building. Dr. and Mrs. Charles Eaves, members of the faculty of Texas Technological College at Lubbock, showed films and talked about their experiences while teaching in Japan and Germany last year.

They brought an interesting display of handicrafts and art. Dr. and Mrs. Eaves told about the conditions and attitudes of the people with whom they worked. Dr. Eaves was an instructor in the War Department Education Program, stationed in Japan. Mrs. Eaves taught commercial subjects in Bremen, Germany. She was privileged to travel for five months, visiting Norway, Sweden, Denmark, Holland, Switzerland, France, England, Austria, Belgium, Italy, Luxemburg, Czechoslovakia and the Russian-zone three times.

This meeting was another in a series sponsored by the International Group.

Sid Frazee Funeral Held

Sid Frazee, a resident of this city for at least 25 years, died Saturday afternoon at 3 o'clock. He was 75 years of age, and was a painter by trade.

Funeral services were conducted Monday afternoon at 2 o'clock in the Griggs-Warren Funeral Home with Dr. Roy L. Johnson, pastor of Cemetery under the direction of the First Baptist Church, officiating.

Interment was in Dreamland Griggs-Warren.

Warren, Farlow For Re-election With Johnson

One ticket of the city election on April 6 has been filed this week at the city hall.

Mayor W. A. Warren and G. A. Farlow, member of the Commission, have agreed to accept another term if re-elected.

Dr. S. H. Condron, who has been on the City Commission for six years, has declined to run again because of so many duties at the college.

Dr. Lee Johnson has agreed to run on the ticket with Mayor Warren and Commissioner Farlow.

To date no other candidates have announced for the city election.

Models Are Chosen For Fashion Show Here on Feb. 26

"Styles for a Day," featuring morning wear, afternoon, dinner and evening, will be the theme carried out in the forthcoming Spring Fashion Show to be held Feb. 26, at 8 p. m., at the College Auditorium and sponsored by the All Saints Episcopal Guild. Plans for the Fashion Show are nearing completion, and rehearsals are underway, it was announced by Mrs. G. E. Clark, Guild president.

Models have been chosen, and they include Frances Blessen, Sharon Montgomery, Wilma Jean Miller, Dale Bolton, Martha Richardson, Virginia Bush, Wanda Davis, Elaine Phillips, Clella Pearson, Jeanette Barnhill, Joyce Simms, Martha Nell Burton, Rosemary Phillips, Margaret Lair, Mary Hanna Dalton, Alice Pierce, Martha Hanna, Kate Massey, Beth Kimbrough, and Mrs. Nell Jarvis Burton.

Canyon and Amarillo merchants who will participate in the show will be, Warren's, Black's, McDonald Shop, Irene's Beauty Shop, White and Kirk, Blackburn Brothers, Una Hutcheon Millinery at Blackburn Bros., Kuykendall's, Gordon Style Shop, Marizon, Marizon Shoe Salon, Kline's and Hollywood Dress Shoppe.

A special showing of jewelry will be shown by M. Spicer Jewelry Company, Zale Jewelry Company and the Diamond Shop.

The Dixie Dice Revue will give special dance features during intermissions and the White Ballet will be featured before the showing of formal gowns.

William A. Moore, of the West Texas State Department of Speech will be master of ceremonies.

Everyone will have a chance to see the newest in spring styles, and an opportunity to see how the "new look" clothes will be worn this spring.

Admission will be $1.00, and tickets are on sale by members of the Guild, and at the Joyner Motor Company, Randall Motor Company and Bob's Coffee Shop or may be purchased at the door.

Recent visitors in the home of Mr. and Mrs. Elmer Marshall were Mrs. Thelma Bishop of Snyder and Vona Bell Grant and Juanita Bishop, students at West Texas State.

Miss Shannon Downing, daughter of Mr. and Mrs. Bill Downing of this city, is spending the week visiting with Sandra Talley in Silverton.

Bill Cooper of Amarillo, an employe of Phillips Refining Company, visited in the C. H. Stratton home last Sunday.

Mr. and Mrs. W. F. Talley and Sandra of Silverton spent the week end visiting in the home of Mr. and Mrs. Bill Downing.

Week end guest in the home of Mr. and Mrs. H. S. Sudderth and Joy was Delois Allen of Tulia.

Select your Easter Suits and Dresses now. McDonald Shop.

Glenn W. Dowlen Candidate For Commissioner 3

GLENN W. DOWLEN

The News has been authorized to announce the candidacy of Glenn Dowlen for County Commissioner No. 3. His statement follows:

Since so many of the voters of Precinct No. 3, Randall County, have insisted and requested that I become a candidate for County Commissioner of this precinct, I have decided and agreed to offer my services and will diligently seek the vote and influence of every citizen of the precinct.

It is true that I believe in economy and that the taxpayer should get value received for every dollar of the county's money spent. I also believe in more farm-to-market roads and always a better maintenance of the roads that we have.

Your cooperation, influence and vote will be appreciated, stated Mr. Dowlen.

Buffs Playing Final Games of Border Loop

The Buffalo basketball team starts its final campaign of the season in Albuquerque Thursday night where it will meet the New Mexico University. The team will move to Las Cruces to meet the New Mexico A. & M. College on Friday night and end the week at El Paso against the College of Mines. The team will return to Lubbock to meet Texas Tech for the first time this season.

Tech holds second place in the Border Loop, and the result of this trip will depend upon the standing of the Buffaloes.

The season will end at Burton Gym on March 1 in a return game with Texas Tech.

Stork Specials

Mr. and Mrs. Fred Harwood are the parents of a son who arrived in Neblett hospital, Feb. 11.

A daughter arrived for Mr. and Mrs. R. E. Daley, Feb. 16.

Mr. and Mrs. Barrett Bookout announce the arrival of a daughter, Feb. 17.

Mr. and Mrs. Floyd Brown of Lubbock were recent visitors in the home of her parents, Mr. and Mrs. J. A. Guthrie, and with other relatives and friends here.

Mr. and Mrs. Floyd Huff of Lockney spent the week end as guests in the home of Mr. and Mrs. Olin Huff and daughters.

Mr. and Mrs. Roy Matney and children of Amarillo were Sunday visitors in the home of Mr. and Mrs. H. E. Campfield. Mr. Matney is a brother of Mrs. Campfield.

Mr. and Mrs. Owen Miller and daughters of Plainview spent the week end visiting in Canyon with her mother, Mrs. Elzie Price, and with other relatives and friends.

Engineers Talk Over Water Deal Randall County

The water situation as between the land owners of Randall county and the city of Amarillo has not improved during the past week.

A meeting was held in Amarillo Friday, with Lewis McNaughton, engineer from Dallas, representing the land owners.

The city agreed that McNaughton should meet with the engineers who represent the city of Amarillo during the coming week. A thorough discussion of the water situation will be held by these engineers.

McNaughton is a highly qualified engineer, who located the Pantex and Cactus water wells, and advised the city of Amarillo to go northeast from Amarillo for a permanent water supply, rather than lower the water level southwest of Amarillo to a point where it would be unprofitable for irrigation purposes.

Hearings on condemnation proceedings will start in Canyon today before the commission composed of W. S. Bennett, Wilson Campbell and Hosea Foster. The commission was appointed last week by Judge A. H. Hunt.

Condemnation proceedings for the right-of-way have been filed against all land owners in Randall county by the city of Amarillo. The commission will lead testimony on the proceedings. It is indicated that Amarillo will proceed with its plans regardless of the hearings.

The decision of the commissioners will not be binding on the city or the property owners, but the city can deposit in court for the landowner the amount of damages assessed, take possession and proceed with the work. If in the end it is decided they ought to pay more, then the city must pay it; or, if the city has deposited more than a final decision rendered by the court, the city gets a refund.

Truman Signs Bill Hiking Veteran Pay

WASHINGTON: President Truman Saturday signed legislation increasing benefits of 2,000,000 veterans attending school under the GI bill.

It raises the monthly subsistence allowance for veterans without dependents from $65 to $75, those with one dependent from $90 to $105, and those with two or more dependents from $90 to $120.

The new schedules go into effect April 1.

The Veterans Administration has estimated the increases will cost the government approximately $217,000,000 a year.

The measure was backed strongly by veterans' organizations.

It was passed by the Senate last summer and by the House Feb. 3.

The House Veterans Committee's professional staff said veterans working part-time while they go to school will be eligible for the new allowances. However, such a veteran's combined allowance and salary will be held under ceilings.

The present ceilings of $175 a month on combined earnings and allowances for veterans without dependents, and $200 for those with dependents, are not changed by the new law.

For example, a veteran with dependents who is earning $200 a month or more while he goes to school will collect no subsistence allowance. If his salary comes to only $150, he will get a $50 allowance.

The limit is the same as that in effect for veterans taking on-the-job training, also under the GI bill.

A bill to raise the trainee's ceiling has passed Congress. It is awaiting action of a conference committee to settle differences in figures in the House and Senate versions.

If the ceiling eventually is raised, it will not affect veterans in school who work part time. The measure applies only to those working full time.

When Better Holes Are Dug---

Clarence Thompson Suffered Sprained Back in Ice Fall

Clarence Thompson received a severe sprain of his back Friday when his feet slipped from under him on the ice in the alley behind the Thompson Hardware Co. Mr. Thompson hit the pavement on his back, tearing the muscles badly.

Mr. Thompson is able to walk about, but proceeds with great care.

FAMILY REUNION

A family reunion was held Sunday in the home of Mr. and Mrs. Finis Smith. Present for the day were: Mr. and Mrs. O. B. Hefner of Crosbyton, Mr. and Mrs. Mack Elliott and children of Tulia, and Mrs. Addie Hefner, Mr. and Mrs. N. T. Dickerson and sons, Mr. and Mrs. C. O. Elkins and sons, and Mr. and Mrs. Jay Prichard and Harold Jay.

SOCIAL PIONEERS

Members of the Social Pioneers will meet in the home of Mrs. N. A. Croson, at 2:30 p. m., Thursday, Feb. 26.

Kenneth and Shirley Goodman and Dwayne Brandt spent the week end visiting in Abilene with friends.

Editorials

Before you die, better look to the future of your estate. If you happened to own property valued at more than $50,000 your heirs will face a tough situation if you have made no provision for the future disposition of your estate. It should not be necessary to mention the fact that a will is most essential. Yet many men, who are very competent as business men, fail to be good enough business men to make their wills before they die. Their heirs see Uncle Sam step in and take a greater part of an estate which rightfully belongs to them. We wish that we knew enough about handling estates to give you sound advice. But we are not so wise. You have to go to an experienced expert who has learned by helping other heirs over the rough spots. By all means get your will ready now, even though your estate is small. If your estate is large, make doubly sure that you have a will. And if you have a large estate to leave, better get sound advice as to the proper means of handling your estate in order to be doubly sure that your heirs get what they are supposed to get, instead of Uncle Sam stepping in to take most of the estate. Frankly we believe that our present laws are entirely unfair, and passed for the purpose of wiping out most estates in the period of a few years. Most of the inheritance laws were written during the days of the new deal.

A couple of high powered Republicans, who are strong for Stassen, were in the News office the other day discussing the coming campaign. They were of the opinion that Taft would not get the Texas delegation, regardless of the wishes of the Texas National chairman. They predicted that Taft and Dewey would lead in the first ballots, with neither getting the breaks by the second or third ballot. After that they predict that the GOP convention would swing to Vandenberg and Stassen as compromise candidates. They base their prediction on the fact that Vandenberg is too old to make a serious bid for the nomination; that Stassen is to young to get the nomination for president; but that Vandenberg would be acceptable, running with young, vigorous Stassen, who would be in line for the presidency in four years. We hope the boys have the correct dope. Vandenberg has been a close adviser of President Truman, while Stassen is strong for the Truman foreign policy. Should these Republicans win in November, the nation would not suffer from isolationists such as Taft and Dewey.

The News has stated many times that it makes little difference how many dollars you have. The main thing is "What will those dollars buy." During the past week the bottom dropped out of the grain market. This is one time that the declining market caught the producers. The speculators usually get the skins of other speculators, rather than the farmers. In this instance the farmers were able to carry their grain over the first of January in order to equalize their income tax. Naturally farmers are worried about the situation and are protesting to Washington. They are not protesting simply because of the declining price of the food which they are raising. Most farmers really expected prices to decline. But then farm prices declined about 25%, farmers have a right to expect that other prices shall follow. Many food items have followed the commodity trends, but at a safe distance. Manufactured articles have not felt the decline. Most of these items may be classed as "scarce items." These are the items which are manufactured from steel and other scarce products. So long as high wages exist there will be little chance for a reduction in manufactured products showing a decline. There is where the farmer has a just kick. Wages were hiked because the cost of living advanced. Now that living costs are showing a decline will those engaged in manufacturing be inclined to reduce wages so that farmers may buy for a less amount of money? No, this will not work out that way for the farmers. They were the first to be pinched after World War I, and are getting the ax first following World War II. They have a right to protest.

Those who come back from Europe with sure fire cures for the world's ills are not to be taken too seriously. Most of these people have had too little experience in world affairs to know the meaning of what they have seen. Canyon has been visited by a number of such people, but they all differ as to the treatment they would dish out to Europe. One person stated that the lack of food in Germany was so much bosh; that the German people had all that they deserved. Practically every returned war veteran tells a different story, and describes the want and ruin which exists in every nation in Europe. At least two persons have described Russia as a bluffing nation which would back down when she could no longer bluff. During the past two weeks we have had different speakers who were sure that Russia was just ready to jump onto us, and that Russia had the goods to carry out her threats. We recently heard another speaker who had been behind the Iron Curtain. Although he had been closely guarded, he saw too much to be convinced that Russia was in a position to do us any damage now. The whole situation is so confusing that we do not know whom to believe. We wonder if America is again going to sleep, lulled by a false security which is being preached by the isolationists? Has Russia grown strong, while we have grown weak? We all know that Russia would not face the stiff resistance that Hitler faced as he sought to overrun Europe. But is Russia strong enough to overrun any nation, strong or weak, at this time? Naturally we know that America has been very silly and kept on shipping Russia vital goods to feed her industries during 1947, at the expense of our allies and friends in Europe. But have we shipped Russia enough to strengthen her beyond the point of safety? You just try your hand at answering these questions. We sure don't know the answers.

We are told that former Selective Service local boards are being alerted for the purpose of returning to duty. So far we have heard of no definite orders or details of the future program. But we are of the opinion that this is only a measure of precaution. Washington expects some sort of compulsory military training will be adopted during the coming months. If and when this training program materializes, no doubt local boards will be called upon to administer local affairs and select boys to take the training. In setting up a national machine it is impossible to wait until action is needed. Some one must look into the future and prepare for administration of such affairs. This election year would probably be a poor time to pass such legislation in view of the pronounced opposition of the American people. It may be on the program to create some kind of a war scare in order to create a demand on the part of the people for military training. Who knows?

We see that a Chicago man made more than $200,000 in a week, trading on the wheat market. Did he raise the wheat? No. Did he handle the wheat? No. Would he know what wheat looked like if he saw a bushel of wheat? Possibly not. He is a high powered speculator, one of the fellows who manipulates the grain market, which sets the price that the producers get for the grain. The producers run all of the risk in producing the grain, yet the speculators set the price, and make the money from the grain. How would any business man like it if the price of his goods was set by a gambler seated in his office a thousand miles away? He would resent such operations. Naturally all prices are set more or less by the fluctuation in market, but the farmer must abide by the operations in one great center where the prices are made and unmade by the operations of a few big speculators. Of course some one lost while the big boy in Chicago was making $200,000 in a week's time. In this instance every farmer who produced wheat in 1947 and still had wheat on hand contributed to that neat little gain of $200,000.

The big boys say that the back of inflation has been broken. Oh yes! What about the demands being being made for higher wages for about two million men who threaten strikes to meet the increased cost of living? The most vicious thing that has happened in America was the refusal of Roosevelt to clamp a lid on labor and raw materials when the war started. This precipitated the inflationary movement.

Canyon is fortunate in its location near the Boy Scout camp. The boys from Canyon will have a chance to participate in the activities of the camp. Back of this great movement is the need of men and money. It is reported that fully fifty per cent of the boys in America who want to take Scouting are deprived because of the lack of leadership. That calls for men. The big Scout camp on the Palo Duro is just getting started, and that calls for money. Those citizens of Canyon who want to assist the coming generation should first encourage the men who are giving their time as Scout leaders; and secondly, give freely to the splendid cause of building an ideal camp where the boys may be trained.

Wheat prospects over the Plains has been greatly improved by the continued snow since January 1. That is the best news that has come to the people of this area since the bumper crop of 1947. It looks favorable for a normal crop in 1948.

Senator W. Lee O'Daniel has issued a blast against the proposed St. Lawrence river project. Those of us from the interior have never been able to understand why America should spend billions of dollars developing shipping from Canadian soil in view of the fact that this would be tied up by ice a great part of the winter. A well placed bomb in time of war could knock the project in the head, while at the same time shipping from coastal ports could carry on. It seems that some one has sold the administration a good idea to waste public money in these times of scarcity.

A speaker in Canyon last year stated that if war came between the Jews and Arabs in Palestine that the Jews would be wiped out in a few weeks. The Arabs were described as being too well equipped and too well armed for the Jews, who are generally looked upon as a peaceful people. From all indications the war is well underway. Maybe that is a way to dispose of surplus people.

When a tax cut is made it should be made so that those least able to pay get the greatest relief.—Gov. Earl Warren (R.-Cal.)

I am not personally acquainted with General Eisenhower. I know no more than the general public about his views on national and international questions. However, I am supporting him because I feel "Ike" can unify the country.—Sen. Charles W. Tobey (R.-N.H.)

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

WHO'S - - - Your Tractor Repair Man

Now that it is time to have your tractor checked and made ready for the crop season ahead, it is very important that you know the firm that repairs or overhauls it. Is it a firmly established repair headquarters with a reputation for square dealing? Is your repair man really conscientious about giving you complete and first class jobs? The men who comprise our Service Department are really more than mechanics as the name is generally used. They are men who have been picked and trained to be experts at their work.

We have a large stock of parts on hand now to enable us to give you a complete repair job.

Now the famous Gas Refrigerator that...

STAYS SILENT LASTS LONGER

because it freezes with no moving parts

COME SEE IT—the famous Servel Gas Refrigerator with no motor, no valves, no piston or pump, no machinery at all in its freezing system. Just a tiny gas flame does the work—with no noise, no wear. So Servel stays silent, lasts longer.

More than 2,000,000 families are enjoying Servel Gas Refrigerators right now. Some have had them 15, 18 and 20 years. Ask any of them, and they'll tell you, "Pick the Servel Gas Refrigerator. You'll never hear a sound, never have a moment's worry."

Come see the new models now on display.

Germans Study American Books

Science, Fiction and Humor Lure Readers to Libraries In United States Zone.

FRANKFURT, GERMANY.—The serious-faced man was bent over the reading room table, three books before him. One was a dictionary, the second a lined notebook in which he painstakingly wrote new words every few seconds, the third a mystery story, which with grim determination, he was trying to read.

At the next table sat a busily-scribbling man wearing a pincenez. He was copying the symptoms of assorted animal diseases and their recommended treatment out of "The Home Veterinarian Handbook." Across the aisle sat a professor thoughtfully going through a stack of the latest American journals of psychology. A housewife next to a window was turning the pages of a picture book on wild animals, and a lad in knee pants leaned over the wall-cases containing the latest American fiction. People wandered in and out, pausing to return borrowed books or sign for new ones.

No Fee Necessary.

The place: The Amerikanische Bibliothek (American library) near the downtown heart of the United States occupation capital in Germany. The frequenters do not pay anything for what they get, and sometimes, as in all libraries, they steal what they should merely borrow. Some cynical Germans say it is just a propaganda stunt and some congressmen back home think it is a waste of money. But to the men responsible for the occupation, this information center and the 18 others in the United States zone like it are as essential to our postwar mission as the constabulary who streak through the country in jeeps and armored cars, or the military government officers who issue orders from ornate Rathaus offices.

Most of the books are written in English by American authors and most of the newspapers and magazines also come from the United States, a fact that naturally makes it a bit difficult to reach the broad mass of the German population. But the number of Germans who know English is large, and has grown steadily during the occupation. Among them may be found the writers, the teachers, the doctors, the political and professional leaders whom it is most important to reach, and a sizable proportion of the students.

Choose Wide Variety.

Recently German translations, mostly from Switzerland and Sweden, of a great variety of books have been brought in, and the highly respected Swiss newspapers are made available. (Because of the worthlessness of the present German currency, it is almost impossible for a German to purchase a foreign book or periodical.)

From the assorted fare here set before them, the Germans choose a rather curious mixture. Science, fiction and humor stand high on the popularity lists. The great current obsession with home repair and construction is reflected in the demand for books on architecture. Architects, construction men and just plain people come in every day to look at the architecture journals and see the new home-building books.

About three-fourths of the calls are for non-fiction, a fact which is understandable since the majority of the readers are professional people trying to catch up on what has been happening in the world in general, and their own world in particular.

Mississippi River Boats Have New Look, Modern Equipment

CHICAGO. — Mark Twain never would recognize the river boats that ply the Mississippi these days.

Slow, clumsy river boats have been replaced by twin and triple screw, diesel-powered tugboats which can come alongside a dock with the maneuverability of a jeep.

The new diesels outnumber steam-powered boats four to one. Many are equipped with radar to guide them through fog, storm and smoke, and with ship-to-ship and ship-to-shore telephones.

Some of the new river boats even have a sort of "jet propulsion" in the form of a nozzle which feeds a constant flow of unbroken water to the propellers to increase the push-power per horsepower.

Cholera Epidemic Spreads in Syria; Sore Arms Isolated

DAMASCUS, SYRIA. — A cholera epidemic has broken out in Syria, and all infected areas were isolated.

Hundreds of physicians and medical students have volunteered to give compulsory vaccinations.

Public health authorities urged the people to be calm, advising them that carrying out medical precautions broadcast nationally was the best preventive. Beginning of the epidemic in the cold season occasioned surprise.

A group of medical experts, sent from Cairo at the request of Syrian Premier Jamil Mardam Bey, arrived by plane to assist in organizing the anti-cholera campaign. Egypt recently had a severe epidemic.

Wonder what Gen. Sherman would have said about peace?

SHORT SHORT STORY

Victory For a Moment

By

M. J. COLLINS

THE old ground hog was uneasy. Every few seconds she would stand upright, her bright eyes searching continually for the ever expected danger from some quarter. Each time the close scrutiny satisfied her and she would drop down and resume greedily eating the tender leaves of the young red clover. She was thin and shaggy. The three young groundhogs, eating the clover even more greedily than she, were the reason. This was the first time she had brought them up from the soft nest deep in the earth. The young ones revelled in the warm sunshine and the strange taste of what they were eating. They ranged farther away from their mother and the safety of the burrow unaware that danger lurked nearby.

A couple of noisy crows winged their way overhead but the old groundhog didn't pay them the slightest attention. She knew they weren't hawks who would bring death winging swiftly out of the sky for her young. She was getting full, yet she ate on, her stomach starting to swell. A familiar sound jerked her upright and little quivers of deathly fear lanced through her small brain. The dog, her implacable enemy, was bounding down the field. He saw the red-chested groundhog and raced toward her. With a shrill whistle she scurried towards her burrow, her brood close at her rump. As her young nuzzled, the shrill yapping of the dog penetrated clearly to her.

3-Minute Fiction

"Listen to that fool pup yappin' his head off down by the creek. Hasn't got a brain in his head. Never be as good as his mother." The slatternly-looking woman leaned in the cabin door, ready to find fault with anything.

"Yeah," her husband answered slowly, "She was all right, too bad she had to get killed on the railroad. Maybe I should get the .22 and go down and see what he's up to. If there's any groundhogs down there they'll be eatin' the heart out of the young clover."

"I'll go down, Dad" their young son cried. He grabbed a stick. "Bet he's got a big one cornered down there."

YOUNG Tad ran along by the stump fence until he reached the clover field. Climbing up on a stump he could see the pup down at the other end near the creek jumping around a small stonepile and barking furiously.

"Bet he has one," he said aloud and started to run.

"What you got, Tippy?" Dropping on his stomach, he could see a groundhog crouched in between the safety of two large stones. Tad poked his stick in as far as he could but the groundhog only retreated further.

"Sic him! Get him out, Tip," he urged the excited pup.

"Guess we'll have to move some of these stones for you. Watch out now, or you'll get hurt." Tad began throwing stones aside. "Watch him, Tip." The pup saw the young groundhog and pounced on it savagely. For a few seconds he had a

The woman leaned in the door, ready to find fault with anything.

loose grip on it but the groundhog snapped back wickedly and with a surprised yipe the pup jumped away. The groundhog raced as fast as its short legs would go towards the safety of its burrow.

"Get it! Get it!" Tad screamed hoarsely with excitement. "Get him, boy!"

The pup was after it like a flash, his courage renewed. The escape of the groundhog was cut off only a few yards from safety. Urged on by Tad, the pup worried it but circled far enough out to be safe from those snapping teeth.

Suddenly the pup darted in and grabbed the groundhog by the back of the neck and shook him vigorously. The young groundhog gave a frightened little whistle.

Then something all snapping teeth, large and frightening, came tearing at the pup out of nowhere. Long sharp fangs sank cruelly into his rump. With a terrified yelp he dropped his victim and hightailed it for the house.

Herding the groggy, frightened young one ahead of her, the old groundhog disappeared down the burrow with a mocking, triumphant whistle.

DEMONSTRATION CLUB MEETS FOR PROGRAM

Mrs. R. H. Long was hostess to the Central Home Demonstration Club Wednesday, Feb. 11. Mrs. S. R. Hood presided, and the members read, "Our Daily Creed.

Mrs. Frank R. Phillips gave for the opening a unique sketch on Abraham Lincoln. Mrs. Otto White presented an interesting discussion on upholstering furniture. An open discussion followed.

A delectable refreshment plate of cherry pudding with whipped cream, potato chips and coffee was served to each of the following: Mrs. C. I. Danner, Mrs. S. L. Terry, Mrs. S. R. Hood, Mrs. Maude Walters, Mrs. W. L. Rice, Mrs. Frank R. Phillips, Mrs. Otto White, Mrs. Levi Cole and the hostess, Mrs. Long.

ROSE WALKER CIRCLE MEETS WITH MRS. COMBS

The program was opened with the group singing "Work for the Night Is Coming," when members of the First Baptist Rose Walker Circle met in the home of Mrs. G. B. Combs. Mrs. Jessie Reid gave the opening prayer and the devotional was given by Mrs. Cynthia Anderson.

Following a prayer by Mrs. J. D. Key, Mrs. J. C. Dowd presented the secretary's report, and Mrs. J. I. Payton told of her trip to Wayland and later completed a book review on home missions. The Bible study was taught by Mrs. J. W. Norvell, and was taken from the third chapter of James.

Refreshments of sandwiches, punch, candy and angel food cake were served by the hostess.

Present were: Mrs. T. T. Fain, Mrs. C. O. Cooper, Mrs. E. B. Anthony, Mrs. R. E. Gill, Mrs. George Small, Mrs. Henry Sparks, Mrs. J. W. Norvell, Mrs. C. H. Stratton, Mrs. Dowd, Mrs. Key, Mrs. Reid, Mrs. Payton, Mrs. Anderson, and Mrs. Combs.

Next Tuesday will be the All-Day meeting at the church for all of the circles.

MUSIC ARTS CLUB MEETING FEBRUARY 16

The Music Arts Club met in the home of Mrs. Ples Harper, Monday, February 16. A dessert course was served at seven-thirty. Mrs. Harper and Mrs. Dan Sanders presided at the tea table.

Mrs. Dan Sanders, vice-president, held a short business meeting.

Miss Pauline Brigham interpretated and played recordings of Beethoven's Ninth Symphony.

The next meeting will be in the home of Miss Isabel Robinson, March 15, and the study will be on Texas music and composers.

Have you booked your orders for aluminum roofing?
Consumers Warehouse.

FUTURE HOMEMAKERS OF WT HIGH HEAR PROGRAM

The W. T. Chapter of the F. H. A. met Friday, Feb. 13, in the auditorium of the education building. The club president, Bonita Brown, was in charge and Carrie Bell Smith, program chairman, directed a parliamentary drill. Marilyn Condron presented information on local, state and national membership attainment plans.

Club members discussed plans to attend the Spring F. H. A. Rally at Plainview on March 20.

About twenty-five members and the club sponsor, Mrs. Mary Anne Duke, were present.

THIRD TUESDAY SUPPER CLUB IS ENTERTAINED

Mr. and Mrs. Clay Cooper entertained members of the Third Tuesday Supper Club in their home with five tables of Progressive "42." Prizes were awarded to Mrs. Bill Money, Worth Jennings, Jr., and Sam Hill.

Present were: Mr. and Mrs. Worth Jennings, Jr., Mr. and Mrs. Bill Downing, Mr. and Mrs. Marion Higdon, Mr. and Mrs. Jack Middleton, Mr. and Mrs. Burney Slack, Mr. and Mrs. W. M. Thompson, Mr. and Mrs. Sam Hill, Mr. and Mrs. J. A. Edwards, Mr. and Mrs. Bill Money, Mrs. Faye Cannedy and Mr. and Mrs. Cooper.

EDGETOWN DEMONSTRATION CLUB HAS LUNCHEON

Mrs. C. W. Dunn was hostess to members of the Edgetown Demonstration Club Friday, Feb. 13, for a covered dish luncheon and the regular meeting.

Sixteen members and four guests, Mrs. Fred Marshall of the Center Club; Mrs. C. W. Martin, Mrs. I. M. Steen and Miss Lou Ella Patterson, were present for the luncheon.

Mrs. J. H. Wright, president, conducted the business session and program which began at 1 o'clock. Miss Patterson discussed various kinds of trees, shrubs and plants and gave a demonstration on plans for a labor saving landscape. She also explained methods of sharpening scissors.

Those present for the day were: Mrs. M. C. DeGraffenried, Mrs. J. C. Dowd, Mrs. Dunn, Mrs. T. T. Fain, Mrs. R. E. Gill, Mrs. E. C. Penick, Mrs. Jessie Reid, Mrs. Janette Robbins, Mrs. J. R. Sharp, Mable Solomon, Mrs. Fred Sorgee, Mrs. C. H. Stratton, Mrs. W. H. Sparks, Mrs. W. R. Waldrop, Mrs. W. I. Wester, and Mrs. Wright. Mrs. E. B. Anthony attended during the afternoon.

BAPTIST RUTH CLASS HAS SWEETHEART BANQUET

Sixty-eight members and guests of the First Baptist Ruth Class attended the Sweetheart banquet given recently in the blue room of the college Cafeteria. Mrs. Kenneth Cox, president of the class, introduced Dr. James P. Cornette, executive vice-president of West Texas State, who was speaker for the occasion.

Mrs. T. H. Langston, Sr., former teacher, and Mrs. Crews Henry, present teacher, were introduced, and Mrs. Lee Johnson gave a history of the class.

Special piano selections, "Indian Love Call" and "The End of a Perfect Day" were played by Tom Langston, and the class song, "Onward Christian Soldiers," was sung by the group directed by Mrs. R. D. Wheelock.

The tables were decorated with valentine motif and centered with arrangements of red and white sweet peas.

LOYALTY CLUB MAKES APRONS AT MEETING

Members of the Loyalty 4-H Club met in the Demonstration Clubroom with Miss Lou Ella Patterson, Saturday, Feb. 14, at 2:30 o'clock. Making aprons was the project for the afternoon.

New officers were elected as follows: President, Doris Bourn; vice-president, Betty Burrus; secretary, Juanelle Burrus; reporter, Gladys Leseburg, and song leader, Billie Raye Carter.

CANYON DRUG
COLD REMEDIES

Recent guests in the home of Mrs. O. F. Thomas were her daughters, Mrs. Bill Corzine of Albuquerque, N. M., Mrs. Harry Hill of Tracey, Calif., Mrs. Charles Wineinger and Charlotte, and a son, Knox Thomas, of Lubbock. Also present were grandchildren, Mrs. Evelyn Scott of Albuquerque and Mr. and Mrs. Thomas W. George of Lubbock.

Miss Gracie Boston, R. N., who visited here last week with her parents, Mr. and Mrs. W. G. Boston and her brother, Murray Boston and familly, left Saturday night for Detroit, Mich., where she will visit with her sister, Mrs. A. P. Cruz and will join the nurses staff at the Harper Memorial Hospital. Miss Boston is a graduate of the Parkland Hospital, Dallas.

Governor Calls Safety Conference For March 19th

AUSTIN: The biggest safety meeting ever held in Texas is scheduled for March 19 and 20 when the Governor's Highway Safety Conference and the Texas Safety Association will hold point sessions in Dallas.

Governor Beauford Jester will be among the speakers. He will address the conference Friday morning, March 19, following the annual report of A. F. Allen, president of the Texas Safety Association. Governor Jester will be introduced by Maj. Albert Sidney Johnson of Dallas, general chairman of the Governor's Highway Safety Conference.

The Dallas meeting will be the ninth annual Texas Safety Conference, Mr. Allen pointed out. The Texas Safety Association was formed in 1938.

During the last 10 years the organized traffic control movement in Texas has saved a total of 7,720 lives," he declared. "In addition to this saving of human life, the movement has resulted in an economic saving of $262,480,000, figuring that each traffic death causes an economic loss of $34,000.

The Texas Safety Association has intensified its efforts this year, he added, as a means of getting full value from the Traffic Code enacted by the Fiftieth Legislature.

Program for the Dallas conference will include committee reports by Gibb Gilchrist, president of Texas A. & M. College; Col. Homer Garrison, director of the State Department of Public Safety; Dr. T. S. Painter, president of the University of Texas, and Walter Humphrey, editor of the Fort Worth Press.

The annual award banquet will be held the evening of March 19 with Col. Jack Major of Kentucky as the principal speaker. Awards will be made to winners of the 1947 Texas Industrial safety contest, and special awards will be given to the State Senate and House of Representatives in recognition of safety legislation enacted by the last Legislature.

Supreme Justice James P. Hart will speak Saturday morning, March 20, on the subject "The people's Court as Viewed by a supreme Court Justice." A number of panel discussions, covering engineering, the drunk driving problem, the public's attitude toward safety efforts and other subjects, also will be held Saturday.

An outstanding feature of the two-day meeting will be meetings of the industrial section, with speakers including John W. Carpenter, president, Texas Power & Light Co., Dallas; T. M. Spence, general manager, Southern Pacific Lines, Houston; Dr. C. T. Olson, director of Western Medical Dept., Liberty Mutual Insurance Co., Chicago; W. J. Millican, safety director, Community Public Service Co., Fort Worth; C. L. Hightower, safety director, United Gas Co., Shreveport; John W. Young, safety supervisor, International Harvestor Co., Chicago, and A. C. Horrocks, Goodyear Tire and Rubber Co., Akron, Ohio.

A luncheon of the American Society of Safety Engineers will be held Saturday noon, with John. S. Shaw of Wilmington, Del., president of the society, as the speaker.

Learn and Obey Traffic Laws Is Advice Given

A safety check may save your neck!

That was the terse advice offered today by W. J. Elliott, Chief of the Texas Highway Patrol, in urging motorists to keep the safety equipment of their cars in tip top shape.

"We are cooperating with safety authorities throughout the nation in a "Learn and Obey Traffic Laws" program during February," Chief Elliott said. "The law requires that your car have certain equipment for safety, and it's there when the manufacturer delivers the car. But it is up to the driver to keep it working properly."

He said National Safety Council figures show that 18 per cent of all vehicles involved in fatal accidents are defective. A recent nationwide policy check-up showed one out of three cars defective, and one out of seven with bad brakes.

The major safety equipment was listed as brakes, lights, mirror, windshield wiper, horn and safety glass. Many of these items will wear out or become damaged with use, and the motorist must see that they are maintained in good condition.

"Periodic inspection by trained mechanics is the answer," Captain Polk Ivy of the Amarillo District said. "Professional drivers, such as truck drivers, inspect their vehicles before every trip. That's a good idea for every driver, and it would save a lot of lives."

Wit: "There are two things I never eat for breakfast."
Nit: "What are they?"
Wit: "Lunch and dinner."

Help Keep Canyon Clean!

Ticklers — By George

"You understand, of course, that all this delay eliminates any possibility of a tip."

Music has become big business instead of an art form. Let me illustrate: the composer is a small, insignificant figure. There are instead managers, impresarios, merchants of art, virtuosi, prima donna soloists, prima donna conductors, opera stars. We discuss the budget of the opera house, but not its repertory; the virtuosity of the soloist, but not his program.—Dr. Howard Hanson, director, Eastman School of Music, Rochester, N. Y.

Mr. Truman is described as more and more inclined to be influenced by what he thinks will be good policy for an election year. Bankers who put on the heat to end the rule of Marriner Eccles as Federal Reserve Board Chairman were helped by this attitude. The idea of gaining banker favor tended to outweigh the fact that Mr. Eccles thought he had been given assurance of another year in his job.

The White House group was very surprised when Marriner Eccles did not resign after being demoted from the Chairmanship of FRB. The plan had called for an Eccles resignation, to be followed by appointment of a Southern banker to the Reserve Board to help pacify Southern Senators.

Congressional Marshall Plan supporters have warned State Department officials the most they can hope for ERP for the first 15 months is $5 billion, $1.8 billion less than the amount Marshall said was the rock-bottom minimum.

Lewis Douglas, Ambassador to Britain, apparently is being blackballed both in the State Department and in Congress, as the No. 1 man for administering the coming European Recovery Program. Mr. Douglas, instead, probably will be offered the job as field representative in Europe, carrying out orders from Washington.

Small groups of influential leaders, including top labor leaders, are being called in for conferences with State Secretary Marshall, who is doing an effective selling job on the program of aid for Europe.

Coal, steel and heavy industrial goods prices may rise between 3% and 5% within the the next six months, reflecting new wage increases.

Walter Graham and Frank Kimbrough spent the week end attending to business in Fort Worth.

MODERN METHODS WILL Produce More

WITH MODERN MACHINES

Our more abundant way of life is largely due to the more economical production of our basic industry—farming—in providing food, fibre, and oils to feed a hungry world and to supply the raw materials for an ever-increasing number of industrial products. Farmers, realizing the increasing importance of economical production, are using Modern Methods to improve and to retain the fertility of the soil and thereby to increase production and farm income.

The MM trademark is recognized by farmers everywhere as the symbol of quality. MM MODERN MACHINES have established a reputation for economy, dependability, and outstanding performance. This is particularly true of MM HARVESTORS.

Your friendly MM dealer has the complete facts on MM Machinery, Tractors, and Power Units for farm use. See him the next time you are in town. MM equipment is worth waiting for!

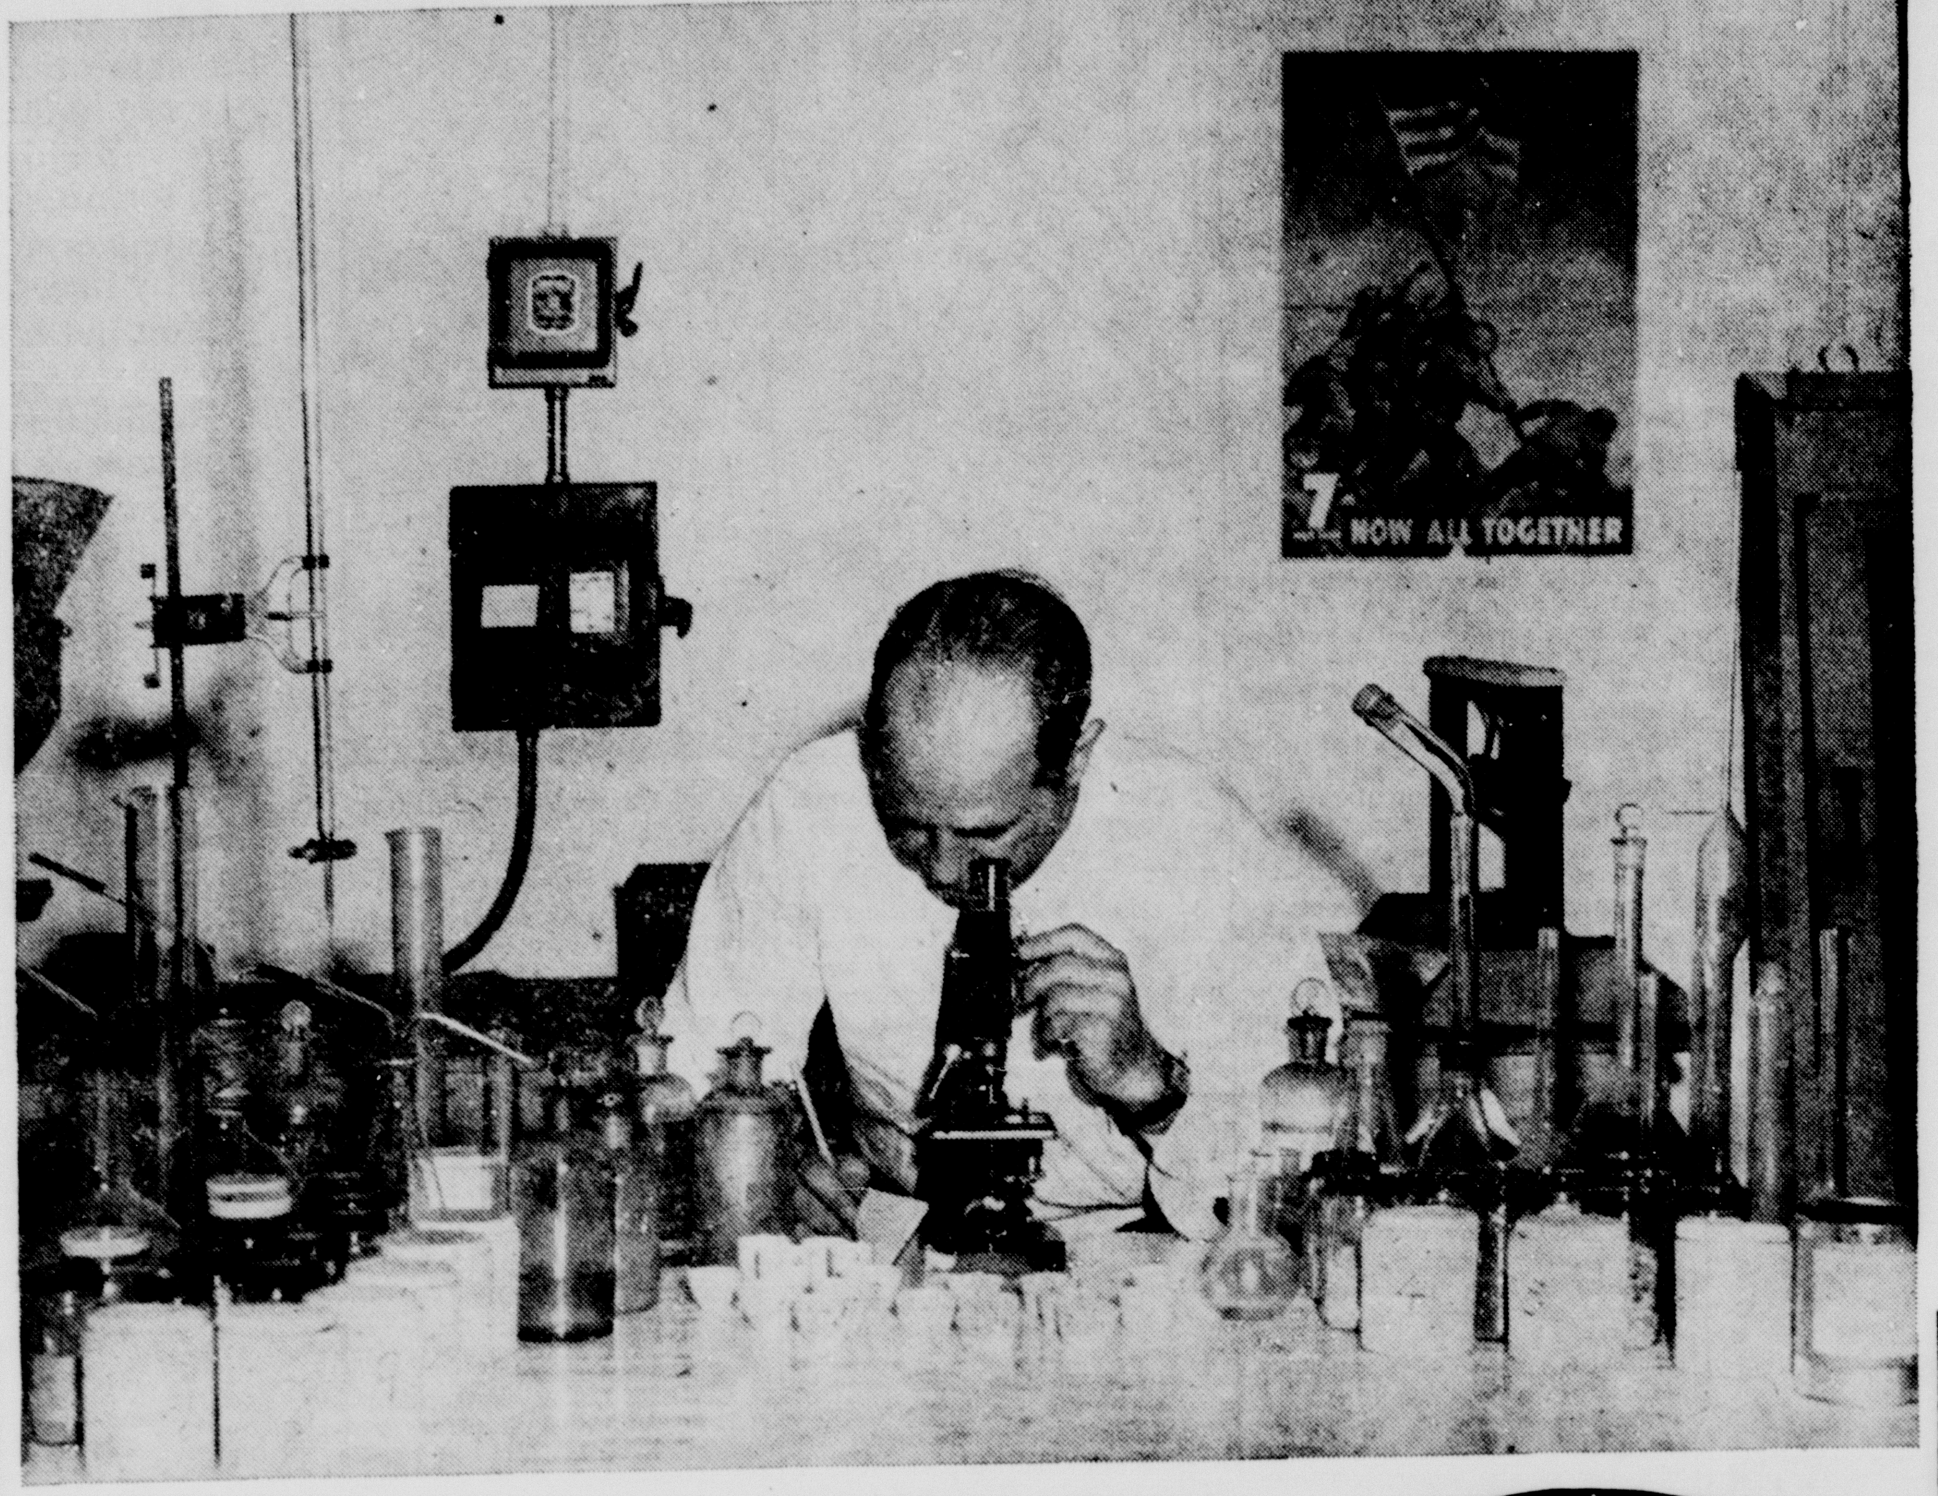
Science and Religion



TRUE religion and true science never conflict. God does not contradict Himself. His words and his works harmonize. It is true that both have been misunderstood. Our knowledge is fragmentary, and our judgment is fallible.

MOST of us have modified convictions with increased knowledge. Science once declared the earth to be flat and stationary; and that the sun daily made a journey around us. Modern knowledge compels the revision of these and many other theories. Yet it remains true that—"in the beginning God created the heavens and the earth."

RELIGION once declared that the work of Creation was completed in six days of twenty four hours each and outlined in some detail the creative processes. With increased knowledge teachers are much less dogmatic as to time involved and procedures followed. God is still saying—"My thoughts are not as your thoughts, neither are your ways my ways."

AS knowledge grows and judgment matures fancied discords blend in harmony. Increasing numbers of people are able to see through the microscope—"Tongues in trees, books in running brooks, sermons in stones, and good in everything." Every scientific finding by man is rooted in God. Attend your church regularly.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of February 15, 1923)

The voters of Canyon approved closing of Evelyn Street (now Fifth Avenue) for the location of the new high school building by a vote of 222 to 51.

Work was started on construction of the new high school building Monday by a large crew of men. W. F. Litle is superintendent of construction, and D. M. Coffee, a former Canyon boy, is foreman.

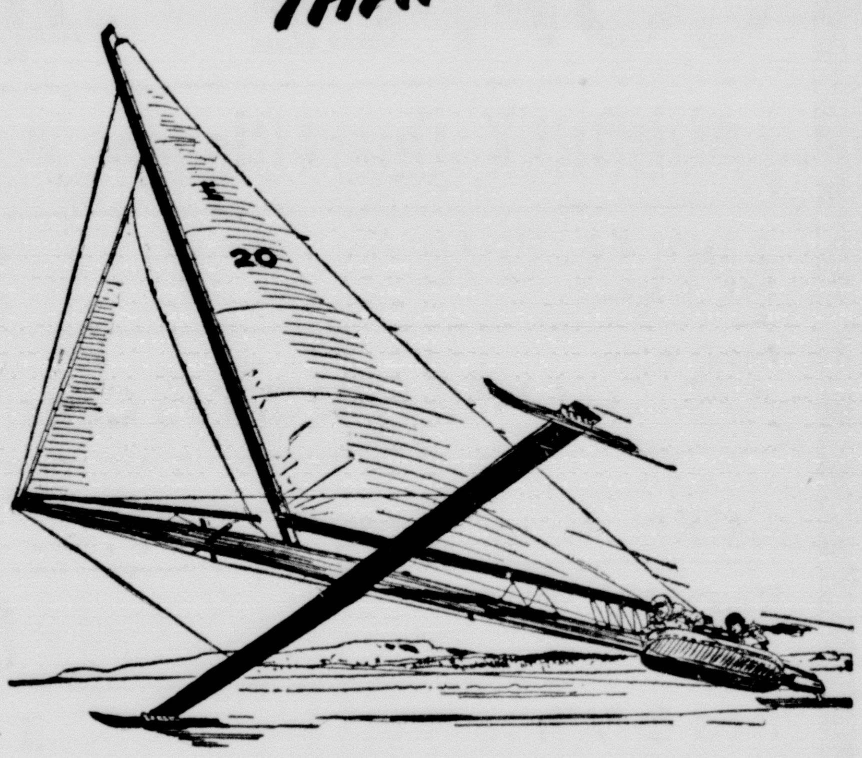
A daughter was born to Mr. and Mrs. B. B. Cluck; and a son to Mr. and Mrs. Edward Meyers.

The pump house at the southwest corner of the court house lawn was removed as the county is now using city water.

Santa Fe officials were entertained at a luncheon at the college by President J. A. Hill while on a tour of inspection of Canyon. Among those who talked about the needs of a new depot in Canyon were Mayor J. D. Gamble, G. G. Foster, Rev. M. M. Beavers, R. A. Terrill, C. N. Harrison and J. W. Reid.

Interior Secretary "Cap" Krug's plan for synthetic oil production was only a diversionary move to ward off an immediate Congressional investigation as to why the Government let profitable big inch and little inch pipelines go to natural gas interests.

In ICE-BOATING or GASOLINE IT'S CONTROL THAT COUNTS!



PHILLIPS 66 IS CONTROLLED* TO GIVE YOU QUICK STARTING AND EASY WARM-UP!

It takes a sure touch to control one of those whizzing ice boats, and it takes real control to build a great cold-weather gasoline, too!

We do it by selective blending of high-quality blending components—season by season—to fit your driving needs all year 'round!

See for yourself the kind of action a tank full of Phillips 66 Gasoline gives you these cold mornings!

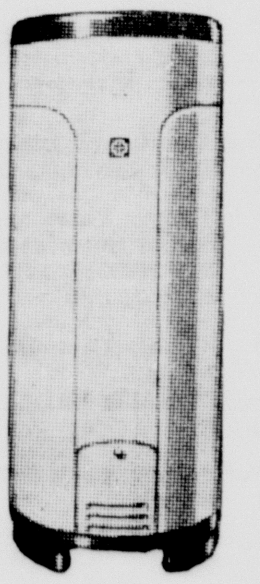
* "VOLATILITY CONTROLLED" TO GIVE YOU FAST STARTS!

Phillips 66 — PHILLIPS 66 GASOLINE

Be Sure YOU BUY ONE LARGE ENOUGH!

A water heater—like a hat—is more satisfactory when it is

LARGE ENOUGH



If you have a size 7½ head, you wouldn't buy a size 6¾ hat.

So if the size of your family and house calls for a 40-gallon water heater, don't take a chance with anything smaller.

This chart recommended by American Gas Association

USE THIS GUIDE TO HELP SELECT THE RIGHT SIZE
Automatic Storage Gas Water Heater

Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

BOYCE HOUSE "Gives You Texas"

The Colonel could find oil and he could make money but he couldn't keep it; he thought money was made to spend.

So he had plenty of ups and downs.

One day, I saw him in the Hotel Texas lobby in Fort Worth and he told me he'd hit a gusher in a negro cemetery in East Texas. So, because we were good friends, I made bold to say:

"Colonel, you are older than I; you have done many big things; you've made more money in a single year than I ever saw. But I'd like to offer you a little suggestion, if you won't resent it but recognize that it is sincerely made.

He said, "Go ahead."

"Well," I continued, "you can't take care of everybody who is up against it. You owe some consideration to yourself and your own security in your declining years, as well as the security of your family."

The Colonel nodded agreement, "But what can I do?"

I replied, "When one of these hard luck boys, that you have helped time and again and he's never paid ti back, gets ready to hit you up for what he calls a 'loan,' you can tell the touch is coming by the gleam in his eye—so beat him to it; ask him for a loan."

A few weeks later I was out in the West Texas oil fields and ran into a friend of mine, a happy-go lucky shoe-stringer. He said, "Boyce, I saw the Colonel in Fort Worth the other day and he must be up against it. Why, he tried to borrow $50 from me."

It was all I could do to keep a straight face. The Colonel was using the system I'd suggested.

I've worn out two "lifetime pens"—you know, the kind that "write under water." That's the best place to use 'em—in fact, it's the only way to keep from getting ink stains all over your fingers.

All Holders of Social Security Cards Instructed

"Over 90 million social security cards have been issued to people in the United States," John R. Sanderson, manager of the Amarillo social security office, said today.

"Questions arise daily," he continued," which show that the people having them are not clear about their use. All of you should remember:

"1. Your social security card is the key to your insurance policy with Uncle Sam. Hold on to it. You need it whenever you take another job to show to your new employer. You and your family will need it when you file your claim for benefits.

"2. Your social security card should be safeguarded. Keep the bottom half in a safe place at home. If you should lose your card, go to the nearest Social Security office and ask for a duplicate, and you will get one with the same name and number that you were issued originally. Some 3 million cards are issued annually by local offices. The cost of these amounts to a considerable figure. You will be saving taxpayer money by taking good care of the card issued to you.

"3. If you change your name your local office can issue you another card with new name but bearing the same number as your old card.

"4. Tell your family where you keep your social security card and that they should get in touch with the Social Security Administration as soon as possible, in the event of your death. The local office in Amarillo is located at 324 Post Office Building."

End of shoddy repairs, overcharging and billing for jobs not done is asked by the Radio Manufacturers Association. Members say only a small minority of radio repairmen resort to such practices and will combat it by (1) advertising the names of authorized dealers; (2) canceling franchises when unethical practices are discovered.

Richmond Pastor Will be Speaker On Baptist Hour

DR. T. F. ADAMS

Dr. T. F. Adams of Richmond, Virginia, will be the speaker Sundays, Feb. 22 and 29, on The Baptist Hour, and his subjects will be "Marriages are Made" and "A House with a Home Inside." Dr. Adams is a well-known counsellor on the subject of marriage and home, and has been most popular with young people's groups for several years. He is no stranger to the radio audience, for he has spoken on the Baptist Hour before.

The theme for the present three-month series of programs is "Divine Light for Daily Living," and the programs are presented by the Radio Committee of the Southern Baptist Convention as a contribution to the spiritual and moral life of the nation, and are carried on a network of over sixty stations across the south. The program can be heard over KGNC of Amarillo at 7:30 Sunday morning, Central Standard Time.

Friends of Gen. Douglas MacArthur are predicting that he will soon issue a dispatch from his Tokyo headquarters disavowing any ambition to be President. The dispatch will, they say, be in the same vein as Gen. Eisenhower's—a disqualification of military, men for high political office.

"THE SENATOR WAS INDISCREET"
The most hilarious comedy of the year. Olympic. Sun.-Mon.

Palo Duro News

Visitors in the J. C. McClendon home Sunday were Mr. and Mrs. C. V. Wilkinson, O. D. Bragg and sons, Mr. and Mrs. Herman Kuhlman and Jimmie, Mr. and Mrs. Forrest Bullard, and Jerry Harding.

The Uil C. Gunter family spent Sunday in Plainview visiting Mr. and Mrs. Beal Jackson and Jerry Waine.

Mrs. J. C. McClendon and Mrs. C. V. Wilkinson visited with Mrs. Douglas Marshall Sunday.

Celebrating the birthday of Melvin Tucek in the home of Mr. and Mrs. Raymond Tucek Sunday were Mr. and Mrs. Loys Knox, Mr. and Mrs. Charley Bauer, Mr. and Mrs. Phillip Rickwartz and family, Mr. and Mrs. Leonard Bauer, Mr. and Mrs. G. H. Leseberg and Gladys, Miss Viola Gemelke, Miss Wilma Schuette, and Mr. Travis Knox.

Robert McClendon and Donnie Stroup visited with Jerry Harding Sunday afternoon.

We welcome the Stroup family into this community. They recently purchased the former Oliver farm and moved here from Colorado.

Mr. and Mrs. Henry F. Miller spent Sunday with Mr. nd Mrs. A. E. Kampen and Edward in Amarillo.

So desperate is Mystic Henry Wallace for popular support for his will-o'-the-wisp third party that he has appealed to poet and Lincoln-biographer Carl Sandburg to run for the Senate from Illinois.

Markos Vafiades is the real name of the man who has proclaimed a communist state in Greece. His followers call him "General Markos." Translated literally, his name means "son of a house painter."—Nicholas Zachariades, Greek Communist.

CANYON DRUG
DENTAL NEEDS

Soviet Russia's strength is over-emphasized and over-advertised. The iron curtain could be penetrated by the force of a better life than under a totalitarian regime.—W. Averell Harriman, Secretary of Commerce.

Russian secret agents, on the basis of information in the hands of the U. S. Government, have been moving regularly, over a rather long period, into Palestine with groups of Jewish immigrants who run the blockade. These agents are described as highly trained.

Local Boys Are Invited To Enter Cowboy Contest

Local boys between the ages of 8 and 16 inclusive are eligible to enter the contest to select the most typical junior cowboy of the Panhandle. The contest is sponsored jointly by Interstate Theaters and the Amarillo News-Globe. The award will be presented to the winner by Western movie star Rod Cameron during festivities attending the world premiere in Amarillo, March 3, of the motion picture, "Panhandle."

A 6-year-old black and white saddle horse already has been selected by contest sponsors and will be fitted with a hand stamped youth saddle from Maddox Leather works and the rest of the gear such as the bridle, bit, breast harness and blanket all go to the winner.

The contest started Sunday will end March 3, at the premiere of the picture, and all boys in either the Texas or Oklahoma Panhandle are invited to enter. All it takes is a photograph of the contestant. Judging will be done strictly on a basis of Panhandle cowboy attire.

To be entered in the contest, photographs need not be any particular size, but 8 by 10 inch with glossy finish probably would show the contestant's attire to the best advantage. Everything from boots to hat will be judged, so pictures displaying all articles of clothing will have a better chance of winning.

All pictures should be mailed or delivered to the "Cowboy Contest Editor, News-Globe, Sixth and Fillmore, Amarillo, Tex."

EPISCOPAL GUILD MEETS WITH MRS. C. L. JOYNER

Mrs. Charles L. Joyner was hostess to members of the Episcopal Guild in her home Feb. 4. A brief business session was conducted with a social hour following.

Refreshments of pineapple upside down cake with whipped cream and coffee were served by the hostess to Mrs. G. E. Clark, Mrs. W. E. Parker, Mrs. Everett Glenn, Mrs. Charles Martin and Miss Jane Darland.

Chinese Teacher To Speak Sunday At Local Church

Mr. Victor Siao of Nanking, China will be guest speaker at the Christian Church Sunday. He will deliver the morning message at 11 o'clock and will speak again at the "Week of Compassion Supper" at 7 o'clock.

For twenty years Mr. Siao has been teaching in the Christian Mission High School in Nanking, China. He served as principal of the school when the Japanese invaded China in 1937. Many of the teachers fled to West China to escape the Japanese, but Mr. Siao chose to remain with the school where some 1000 students were receiving their education.

Though the school was closely supervised to see that no anti-Japanese propaganda was contained in the teaching material, Mr. Siao says they encountered little difficulty with the invaders.

"We Christians in China do not delve in Political matters. We only teach the people to read, write, and be good Christians," he explains. "When the Japanese found this out, they were less strict."

The Nanking school where Mr. Siao taught was one of the very few schools that remained intact during the eight years of Japanese occupation and when the schools origional principal returned in 1945, Mr. Siao was granted a one-year furlough for further study, which he is doing at Texas Christian University in Ft. Worth.

Mr. Saio has two daughters, 18 and 13, and is also responsible for five children of his relatives, who were orphaned by the war. When it takes $80,000 Chinese dollars to equal one American dollar it can be seen what a tremendous job the Siao family has in order to keep body and soul together.

At the "Week of Compassion Supper" at 7 o'clock an offering will be received for the suffering humanity in Europe and Asia. All of the Christian Churches throughout the world are observing the "Week of Compassion" this week.

The public is cordially invited to come out and hear Mr. Siao speak.

Naugher-Cabe Wedding Vows Are Exchanged in Candlelight Rites

MRS. WALTER DANIEL CABE

Miss Ruth Naugher, daughter of Mr. and Mrs. T. W. Naugher, Chase, Alabama, became the bride of Walter Daniel Cabe, son of Mr. and Mrs. H. W. Cabe of Abilene and formerly of Canyon, in a candlelight ceremony in the home of Mr. and Mrs. B. R. Braden, Dallas, Saturday evening at eight o'clock.

Frank J. Dunn, minister of Shamrock Shores Church of Christ, performed the ceremony before an improvised altar of white gladioli, carnations and tulips embanked with fern. Mr. Naugher gave his daughter in marriagge.

The bride's classically unadorned gown of ice blue slipper satin was fashioned with high round neckline; long fitted sleeves finished with satin cord; a long molded bodice and full flared skirt accented at intervals by corded bands of the satin which terminated in a chapel length train. Her two-tiered fingertip veil of imported bridal illusion fell from a seed pearl encrusted tiara.. She carried a colonial nosegay of white camellias and stephanotis with white satin streamers showered with narcissus. The only ornament worn by the bride was an heirloom brooch belonging to her maternal great grandmother.

Attending her sister as matron of honor was Mrs. Robert L. Reeves who wore a pink brocaded satin dress designed with a notched bateau neck; cap sleeves; bouffant skirt with short flared tunic. She carried wedgewood blue iris tied with matching ribbon. Miss Jo Jones, maid of honor, wore an identical gown and carried wedgewood blue iris. Miss Mary Louise Anderson lighted the candles. Raleigh L. Cabe, Abilene, brother of the bridegroom, was best man and Robert L. Reeves was groomsman.

Preceding the ceremony, Mr. Dunn sang "Because" and "I Love You Truly," accompanied by Mrs. A. L. Anderson.

At the reception immediately following the ceremony, the five-tiered cake, surrounded by lilies of the valley and an orchid, and decorated with camellias and roses, was served by Mrs. A. H. Gardner. The fourth tier was a sealed fruit cake which is to be served on the couple's first anniversary. The cake was a gift of the bride's aunt and uncle, Mr. and Mrs. Braden.

Both Mr. and Mrs. Cabe received their degrees from Abilene Christian College. The bride was a GATA and a member of Alpha Chi; the groom was a member of Phi Omega Chi.

As the couple left, Mrs. Cabe was wearing a navy gaberdine suit with matching hat, shoes and bag, with white gloves and scarf. Her flowers were camellias. After a short wedding trip, the couple will be at home at 6104 Belmont, Dallas.

The Pew Memorial Foundation, recently established by the four children of the late Josep N. Pew and his wife Mary Anderson Pew with a gift of 880,000 shares of Sun Oil Co. stock worth $44 million, will carry on scientific, educational, religious and other philanthropic activities. The family has been a strong supporter of Grove City College, Grove City, Pa., and has contributed millions to cancer and other research projects. One object of the foundation is to put on a permanent basis all activities of this kind in which the family has engaged. The foundation will receive its first quarterly dividend on the stock gift March 15—$220,000.

Have you always wanted a business of your own? Then here is your opportunity, for every customer of Consumer's is part owner and shares in the profits. It is operated the way you want it, and you can be assured of a friendly welcome and courteous service at Consumer's Service Station, Warehouse or Elevator.

Talk of Southern Democrate bolting the party if Truman presses his equality of rights program is hogwash. They raise the same hue and cry over any legislation aimed at stopping southern discriminatory practices. More important, Southerners, knowing a fourth party is fantastic, have nowhere else to go.

The Federal Trade Commission will start a smear campaign next week, using press and radio publicity, presumably to depict the price-cost-profits picture , but in reality blaming U. S. big business for high prices.

Canyon Breeder Buys Shorthorn at Ft. Worth Show

A new record average for a Shorthorn sale at the big Fort Worth Fat Stock Show which just closed, was established when 36 head of purebred Shorthorns sold for an average of $523 with a top of $1,675 for females and $1,000 on bulls. Buyers came from Louisiana, Missouri, New Mexico, Oklahoma and Texas.

T. T. Rasor of Canyon attended the show and sale and purchased a grandson of the famous Edellyn Royal Leader, chief herd sire for Thomas E. Wilson, Chicago packer.

Demand for the "new look" Shorthorn has been such a boom in the last six years that membership in the national association has doubled over the previous all-time total.

CALENDAR GIRL CONTEST

WIN AN ALL-EXPENSE LUXURY TRIP TO HOLLYWOOD

WATCH FOR Hal Wallace's Production "I WALK ALONE" Starring BURT LANCASTER & LIZABETH SCOTT A TERRIFIC PARAMOUNT PICTURE

CONTEST RULES AND INSTRUCTIONS

1. Entries must be aged 15 or over. Professional experience not necessary. Submit snap-shot or other photo; head and bust or full figure views okay. On back of picture, typewrite or print plainly in ink, this information: full name, street number, zone, city and state: also correct age, weight and measurements (in inches) of height, bust, waist, hip and ankle. 2. All entries must be in our hands or postmarked on or prior to March 2, 1948. Submit through any Dr. Pepper dealer regularly serviced by a Dr. Pepper routeman; or in person or by mail to nearest Dr. Pepper Bottler; or by mail direct to Dr. Pepper Company, Box 5086, Dallas, Texas. 3. The Talent Department of Paramount Pictures, Hollywood, will pick the winners and their decisions will be final. Four first choices, and one alternate for each (or more if necessary) will be selected. If, for any reason, any first choice selection may prove not eligible, the next succeeding alternate, or alternates for each respective place, will win. 4. Before finally being adjudged a winner, entrant must execute, if requested (jointly with husband if married), a written contract, agreeing to model for the 1949 Dr. Pepper Calendar and consenting to the use of her name and picture on calendar and in any other publicity or Dr. Pepper advertising, without compensation other than expenses, entertainment and opportunities mentioned herein. If winning entrant is under legal age, such contract must be executed by a duly appointed guardian jointly with the entrant and her parents. All photographs become the property of Dr. Pepper Company and none will be returned. 5. Hollywood trip includes luxurious train or plane travel with incidental expenses paid. During Hollywood stay, girls will be chaperoned by reliable escort service. Famous beauty and fashion salons will groom girls for posing (gowns and accessories for temporary use). All normal expenses paid for hotel, meals, taxis, selected shows, night clubs, etc. Time away not exceeding one week. 6. All employees of Dr. Pepper Company, its advertising agency, Dr. Pepper Bottling companies and members of their immediate families are barred. Contest closes March 2, 1948. As soon thereafter as Paramount Talent Department can make its selections and eligibility (under rule 4 above) is established, winners will be notified by mail.

CONTEST CLOSES MARCH 2, 1948

The design of a remodeled, reconstructed Japan is nearly completed. The pattern has been etched, the path has been laid. The development now lies largely in the hands of the people. Gen. Douglas MacArthur.

CAGE QUEEN

Betty Jean Sparks Is 1948 Cage Queen

Betty Jean Sparks, freshman from Spearman, was chosen Basketball Queen last week by the team. Boyce Box captain of the team announced.

No definite date has yet been announced for the coronation of the queen, but it is definite that the ceremony will not take place at the next basketball game.

Coach W. A. Miller, head basketball tutor, said the reason he did not want the queen crowned at a game was because the game is too important and every time the crowning takes place at or before a game the boys play a 'bad game or lose.'

Attendants to the queen, also chosen by the team are Nancy Bishop, Freshman from Floydada; Frances Blessen, freshman from Amarillo; Ann Blackwell, freshman from Cuero; and Katherine Hester, sophomore from Stratford.

Plans are still pending, but according to Boyce Box the T-Club is to sponsor a dance or party at which time the queen will be officially presented.

Wayside News

Sister Lois Cox of the Assembly of God Church filled the pulpit Sunday morning. She was accompanied by LeRoy Foster of Oakdale, Calif.

The community surprised Mr. and Mrs. Joe Rogers and Carol Dean Sunday afternoon, when they gathered at the new modern home the Rogers' have just completed, and surprised them with an elegant set of dishes.

Years Do Not Count the Span of Average Life

Some folks are old at sixty; others are mentally and physically alert at eighty. The number of years one has lived may not be a true index to one's physical condition. Actually, the length of a person's life span is influenced by the condition of his arteries. Premature hardening of arteries, often due to avoidable infections, improper diet, and possibly worry and strain is to a certain extent, preventable, said Dr. Geo. W. Cox, State Health Officer.

Many of the problems connected with the hygiene of old age are due to lowered mental power. Therefore, a cheerful and optimistic attitude toward the aged, especially during sickness, is essential to their well-being. Old people regard their condition as far less serious when they can be fully dressed and out of bed. When they can be up, the excretory organs function more satisfactorily, too. However, when an elderly person complains of being overtired, or otherwise not physically fit, a day of rest in bed is advisable. By providing light and easily digested food and applying warmth to the body of an aged patient, he is often tided over a mild or threatened illness.

Special attention should be paid also to proper clothing, diet, and exercise of the elderly. With reasonable attention to certain well-defined and easily followed principles of personal hygiene, it is possible to grow old gracefully. Furthermore it is also possible, in many instances, to retain one's faculties to such an evtent as to make old age a pleasure rather than a burden.

In 1917 I was turned down by the Army when it was discovered I was suffering from tuberculosis. All my suffering could have been averted if I had my chest x-rayed early in life, and had taken the simple curative steps available in the early stages of tuberculosis.—Secretary of Agriculture Clinton Anderson.

Supreme Court Justice William O. Douglas' Vice - Presidential chances got a severe jolt last week when Southern Democrats told Truman they would refuse to include revision of the Taft-Hartley Act in the Democratic platform if Douglas was his running mate.

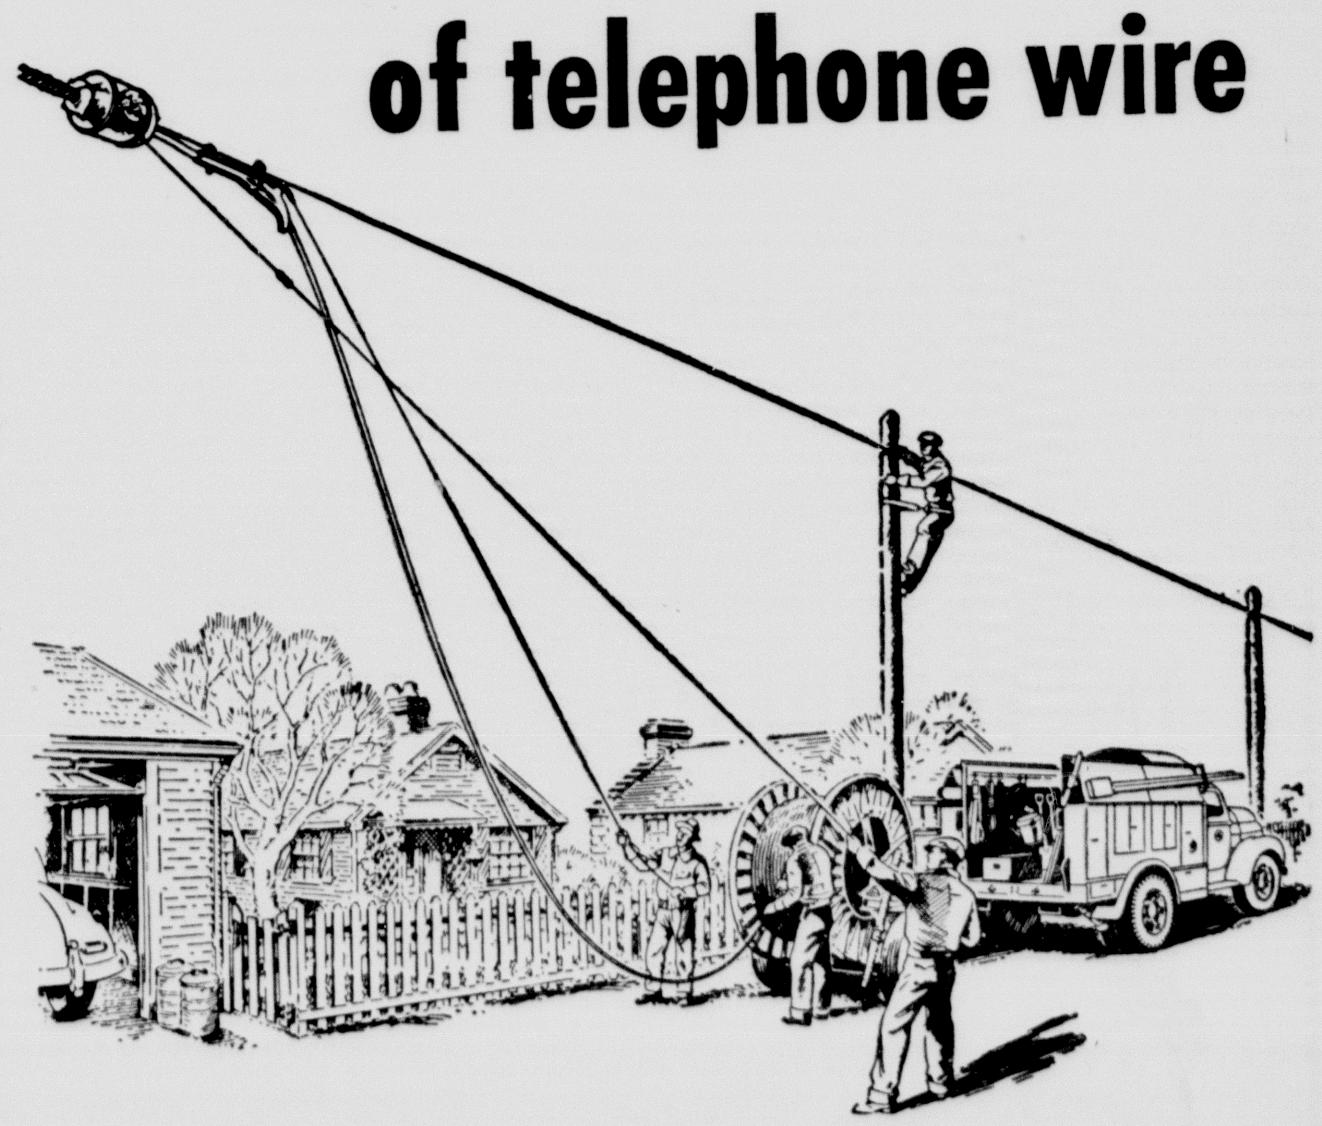
A MILLION MILES of telephone wire



PROGRESS REPORT ON TELEPHONE SERVICE

This year we will install a million miles of wire in telephone cables in the Southwest.

These cables will connect telephones to switching equipment in the telephone office. Inside the lead cable sheath are hundreds of tiny wires, and it takes one pair of those wires for each telephone line.

Most telephone cables are full today. All wires are in use serving as many people as possible. New applications keep coming in almost as fast as we can install new cables to connect telephones. That's why we need more cables in practically every telephone exchange.

Even a million miles of wire in cables won't be enough. We need to continue asking people to take party-line service—so that one pair of wires may serve as many as four families.

If you're one of those waiting, you may be sure that we're working hard to get and place cables to connect your telephone as soon as we can. We don't like to keep *anyone* waiting for telephone service.

22nd Year

Basketeers Near End of Season

District Tourney Will Be At White Deer, 27-28

Almost ready to close a "better than fair" season are the Cnyon High Eaglettes, coached by Paula Frazier. For the second year of basketball, the Eaglettes have shown a remarkable record, holding eleven wins and nine losses.

These girl basketeers have entered three tournaments, winning first place at Tulia. They have placed at least two players on the all-tournament team at each of the meets.

Looking Forward to District

While looking forward to the district tournament at White Deer, February 27, 28, they have games scheduled with Clude, St. Mary's Academy (Amarillo), and Wayland College (Plainview).

In all the Eaglettes' games, they have never scored less than 13 points in a game and not more than 46 points. Their total scoring is 595 points during the entire season. Their opponents' lowest score is 12, while the highest is 59 and total scores are 659 points.

Avent Leading Scorer

The leading scorer for the Eaglettes is Martha Avent who has 240 points. Bobby Ford follows with 185, Dorothy Butler, 126; Janey Forester, 38; Joyce Carter, 30; and Wanda Edwards, 4. Leading in a dubious honor of high fouling is Chloe Black with 43. However, Martha Avent follows closely with 42. Next is Mary Sue Foster with 41. Juanita Avent has 34; Dorothy Butler, 31; Bobby Ford, 30; Barbara McDougal, 27; Lorraine Carter, 18; Janey Forester, and Bobby Foster, 5; Joyce Carter, 2; and Wanda Edwards, 1.

"As a whole, the team has done very well this season, and I have enjoyed coaching them as they are diligent workers. I have discovered them to be very good material and they have improved very nicely. Our aim is to take district after first taking a win from Friona, whom we haven't played all season," states Coach Frazier.

LET'S WORK TOGETHER

Let's pause a few moments in our hurry and really think seriously about this thing called school refinements. We'll all have to admit that we want our school to be refined and a place that we'll be proud of. We, the students of CHS, are the ones that can make this school a place visitors will admire.

Just what are some of the undesirable qualities that should be eliminated in the process of refining here at CHS. Running, shoving, and jostling in the halls, classrooms, and on stairways should be eliminated. Try refraining from such conduct, and we'll find it much easier to get our work done. Loud talking should be out of order also. We should neither sprawl around or interrupt when someone else is talking.

There are five qualities which should rule our lives in and out of school. These are kindness, fairness, self-control, gentleness, and self-respect. If we will always remember these rules we shall be recognized as true ladies and gentlemen.

Everyone of us should begin, if we haven't already, to do his best to be refined ourselves. Let's all work together!

Help Keep Canyon Clean!

1948 EAGLETTE BASKETBALL SQUAD

Pictured from left to right, front row: Dorothy Butler, Juanita Avent, co-captain, Martha Avent, Lorayne Carter, and Barbara McDougal. Second row: Manager Joan Morton, co-captain Chloe Ann Black, Wanda Edwards, Mary Sue Foster, Bobby Ford, Bobby Foster, Janey Forester, Joyce Carter, and coach Paula Frazier.

Students Solicit Dollar Deposits

Members of the annual staff have begun taking one dollar deposits for the 1948 edition of "Soaring Wings." Approximately 165 orders have been taken by the students in charge from the high school and grade school students. Any one wishing to order a yearbook should see one of the staff members by Wednesday, February 25, to make his deposit before the dead line. If one is unfortunate in not placing his order, an additional amount will be charged for annuals not subscribed for now.

The theme of the yearbook will be kept a secret until it is released from the company sometime in May.

Members of the staff are: Valeta Haines, editor; Geneva McDougal, assistant editor; Betty Erwin, art editor; Richard Walters, sports editor; Jean Hill, advertising editor; and Janey Forester, general helper.

"Progress on the new book is getting along splendidly, and the staff is eagerly looking forward to the final publication," states Valeta.

Alexis Ann, Mr. E. A. Wooten's little four-year-old daughter was taken to Neblett's Hospital last Monday afternoon to be treated for a slight case of pneumonia. She was doing well at the latest report.

Mrs. Irene Ball returned to work last Monday after a week's absence due to illness.

Grade Notes

I bet you know the happy wish
This valentine is bringing—
I hope you're just so full of joy
You'll always feel like
SINGING.

Although delayed by the dismissal of school last week, valentine parties were given by each home room last Monday.

Refreshments of cold drinks and candy were served to Mrs. Roscoe Davis' second grade and valentines were delivered from the room post office.

Mrs. Bill Crow surprised Mrs. A. K. Goodman's third grade with cold drinks, cookies and candy.

Mrs. Joe Black's room was served cookies and cold drinks sent by Mrs. W. R. New and Mrs. Tom Newton.

Ruby Jo Yarbrough, Meade Umphries, Diane Prichard, and Charles Brasher were elected to give out the valentines to the group in Mrs. Tom Brashers fourth grade. Treats of candy were served. Charles Stubbs brought material on the Abraham Lincoln unit, including a miniature log cabin and books, collected while on vacation in Kentucky.

In Mrs. Mitchell Jones' fifth grade, Betty Glanton and Joe Dickerson reigned as queen and king of the valentine party. The room was served cherios by Mrs. Jones.

Mrs. John Davis' sixth grade was served cherios and entertained with group games. They have finished a unit on Greek and Roman gods.

David de Vaney was selected as postman in Mrs. T. W. Collins' first grade. Mrs. B. E. McCormick and Mrs. Collins served the class cracker jacks and suckers.

Valentines for Mrs. Stella Murrell's second grade were delivered from the mail box by John Winters, Charlis Murphy, Danny Welch, and Eddie Kimball. Stories and songs served as entertainment and refreshments of cup cakes, sand tarts, popcorn balls, candy hearts and lime punch were brought by room-mothers, Mrs. C. L. Key and Mrs. R. C. Campsey.

A valentine box was held in rMs. Dan Usery's third grade and popcorn balls were given to the students.

Mrs. W. R. New sent cookies, suckers, and cherios for Mrs. L. M. Cousins' room. The room has also been studying a unit on Lincoln. Ray McCarter is back in school after two weeks illness. A historical scrapbook will be sent through the Treasure Chest to some school over-seas. The class hopes to establish correspondence with some foreing child through this method. School supplies will also be sent.

Jumbo cookies and cherios were served to Mrs. Varl Iverson's sixth grade. Mrs. Black, Mrs. Brasher, Mrs. Iverson, and Mrs. Walsh are taking a graduate course in education at W. T. S. C.

Refreshments of cold drinks and chocolate candy were served to Mrs. Andy Walsh's fifth grade.

After happy times galore, quoth the children, "Give us more."

Blizzard Interrupts Junior High Party

Valentine plans for the seventh grade party were interrupted by last week's blizzard when "No school" was the order for the latter part of the week.

Accordingly, last Monday morning the students brought valentines to school, and Mrs. Irene Ball, sponsor for the group, permitted them to have a few minutes of the first class period for exchange. Two boxes of candy were among the greetings, These were for Francis McCoy and Kay Witt.

Eighth graders had not planned to have a valentine party, but a few students brought some and distributed them before classes began Monday, also.

Choir To Present March Program

Mr. M. D. Shepherd, director, will present the CHS A Cappella Choir in a concert to be given in the high school auditorium on Tuesday, March 9, at eight p. m.

The program, including "Waltz and Scene"—Gounod from the opera Faust, "Smoke Gets in Your Eyes"—Kern, "Hallelujah Chorus"—Handel, "Bells of St. Mary's" — Furber-Adams, "Down in the Valley"—Youmans, "Limericks"—Cain, and "Carry Me Back to Old Virginny"—Bland, will consist of some fifteen religious, classic, folk, popular, and novelty pieces. It will me concluded with "Now the Day is Over"—Barnby.

Soloists will be Betty Jean Schuette, Bertha Lindsey, and Merle Bullard who will sing "I Wonder as I Wander"—Niles and "Faith of Our Fathers"—Heny respectively. Receipts from the concert will be used to pay for choir robes and the purchasing of more music for the department.

Admission will be twenty-five and fifty cents.

Writers Will Hold Press Convention

Now is the time for all journalists to begin preparation for the PHSPA meet. Send in those prize winning stories (or have you already?) because the deadline date for all entries is February 20! There will be contest in news story, feature story, editorial, column, and advertising, both in printed and mimeographed papers.

A registration fee of $1.00 per delegate will be charged. But this includes a dinner, speeches by two of the outstanding journalists of Texas, valuable information, and a bang-up good time. For a dollar, who will holler?

Registration will begin at 9:00 a. m. in the Education Building. A complete program will be mailed to the journalism teacher, Mrs. Nora E. Gilmore, in the near future. When this information is received, it will be published for those interested.

"We are expecting the get-together to be pleasant as well as an educational," states Mrs. Nora E. Gilmore, adviser of the Eagles Tale. "We feel that the meeting will be even better than ever before."

Carrol Wray Dickerson is withdrawing from Canyon High School this week to move to Winter Garden, Florida, where Mr. N. T. Dickerson will be employed in a printing shop.

Students of CHS and residents of Canyon. There is a district tournament in Canyon this weekend, and the school needs your help in finding a place for the basketball players, coaches, and bus drivers of other towns to stay Friday night. If you can keep someone in your home, please notify Mr. J. E. Miller, principal of Canyon High School, who will give each householder who keeps guests, a pass to all games.

FHA Banquet Is Week's Highlight

Cafeteria Blue Room Is Scene for the Occasion

Members of the Future Homemakers of America held their annual Valentine Banquet, February 14, in the Blue Room of the College Cafeteria.

Donna Erwin was in charge of the program which consisted of a talk given by Mr. E. A. Wooten.

The Chapter Parents were introduced. Those attending were: Mr. and Mrs. Dan K. Usery, Mr. and Mrs. C. B. Erwin, Mrs. Gladys Haines, Mr. and Mrs. J. E. Edwards.

A large bouquet of American Beauty roses was the centerpiece for the head table. Mixed flower arrangements in vases shaped like hearts, centered the other tables. Place cards with hand painted roses, which were made by Betty Anne Erwin, decorated the tables.

The menu consisted of fruit juice, roast turkey and dressing, whole green beans, sliced tomatoes, individual pear and cheese salad, hot rolls and butter, milk, strawberry mousse and cookies.

"The Blue Room is an ideal place for holding this FHA banquet," Superintendent E. A. Wooten stated in his address before the group last Saturday night, February 14. But he continued, he is in hopes that Canyon High School may be enabled to have a suitable place of its own for holding its banquets before too long.

Ruth McCabe Is New Secretary

That wasn't a new student the pupils saw in Canyon High, Monday. It's Mr. E. A. Wooten's new secretary, Ruth McCabe.

Jersey City, New Jersey, is the place that Mrs. McCabe hails from. She's not too much of a stranger in town though, for she attended West Texas State.

"The students and faculty of Canyon High School have been very nice to me and have made my work even more enjoyable. I think that the school has a friendly atmosphere throughout," says Mrs. McCabe.

Mrs. McCabe rooms with Mrs. Milton Dooley at 1501 7th Avenue.

FFA Group Buys Club Equipment

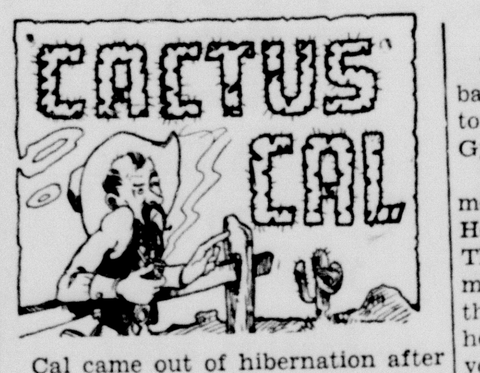
All students in the second year Ag. class and the members of the third year class in CHS are trying tout to win a place on the judging team that will visit the Top-O-Texas Fat Stock Show that will open in Pampa, next Monday. Students in the third year class, who have judged before, are not eligible to make the team. They are: James Bible, Donald Davis, Jones Hales and James Inman.

FFA Club members will purchase calf clippers and hoof trimmers at a cost of $32.00 to be used in preparing animals for future shows, as was decided at the regular meeting of the club, February 9, at 7:00 p. m. in the regular class room of the high school building.

The money for the purchase will be taken from the club treasury, and the instruments will be kept for use in the Chapter projects.

Help Keep Canyon Clean!

Teams to Compete for Regional Representation Here, Friday



Cal came out of hibernation after the cold spell to catch up with all of the news and our pretty week end found a lot of it.

Joe Abbott and Mary Ruth Hill, Donna Erwin and Wayne Prichard, Austell Burrus and Jean Hill, was the show in Amarillo good Saturday night?

Several eternal triangles—Tommy Carol Dotson, Betty Jean Graham and J. N. Pope; Teddy Howell, Bill Hand and Joyce Payne; Martha Hales, Dwaine Howard and Leo Erwin; Ivana Richardson, James Cundiff, and Richard Sanders.

Overheard:
Kenneth Fisher: Boy, she really gave you a dirty look!
Lee Bailey: Who?
Kenneth: Mother Nature!

Oh, nice! That ever loving man, Cubie Kitchens, and Bobby Ford were seen together Tuesday night before he left for a tour of New Mexico.

The long and short of it . . . Bruce Winn and Betty Miller.

Couples seen at the FHA Sweetheart Banquet were Don Hickman and Bertha Lindsey, and Billy Cleavenger and Frankie Sneed.

Janey Forrester wishes to announce that she DID have a corsage of red carnations at the Sweetheart Banquet but she decided it looked much better on her coat, so that's wehre it was.

Gee, but James Bible is getting started again. Saturday night found him at the Banquet with Gladys Lowe and all third period study halls find him admiring Melva Martin. Hummmmm.

Golden Currie and Ara Beth Prichard were having a good time eating hamburgers at Bob's Saturday night.

Weedon Young and Tommy Hunter seem to enjoy making eyes at each other in the civics class. Who enjoys it most?

Suzanne Stephenson must really be generous to lend Dick Barrett to Katherine Furlow for one night last week.

Betty Slagle and W. T.'s Chubby Nunley had a time together last week.

Clyde Fewell, of Adrian, did you get Christine Mobley home early enough Saturday night?

Merry Borden, you had a grand and hilarious week end, didn't you!

Ray Burrus and Lois Collins found each other nice company the other night.

Frances Standley wishes to inform one and all that her left arm is sore from a small pox vaccination; therefor, DO NOT TOUCH IT!

Eagles Overpower Happy Cowboys and Cardinals

Highlighting this week's basketball spotlight will be the district tournament to be played at Burton Gymnasium.

Teams competing in this tournament are: Dalhart, Dumas, Tulia, Hereford, Dimmitt, and Canyon. The top two teams of this tournament will represent this district in the regional tournament, also to be held in Canyon. Dimmitt and Canyon are expected by sports writers to snatch the district title. Coach R. D. Wheelock's Eagles will be at full strength for this tournament.

"A" Squad Wins

Horace Carter paced his fellow teammates to a 47-31 victory over the Price Cardinals Tuesday night in Amarillo. The Eagles never trailed behind with the score standing 16-11 at the end of the second quarter. In the second string game, the Price Cardinal's B squad nipped the Canyon B by a score of 39-35. High-point man of the contest was Crowley of Price who tallied 16 points followed by Troy Burrus who pushed 8 points through the hoop for the Eagles.

Teams Play Happy

Friday night, the purple and white met the Happy Cowboys in Burton Gym winning both games. Canyon High's A squad plastered the Happy A team by a score of 48-26. High-scorers of this game were Bruce Winn and Horace Carter who made 15 and 10 points respectively. In the B squad contest, forward Jerre Inman, led his team with 8 points to trample the Happy B, 30-27. Towering Jack Ratjen of Happy was high point man of the game racking up 19 points.

Hill, Haines Enter Scholarship Race

Jean Hill and Valeta Haines of CHS are now entered in the Sweetbrier scholarship contest for high school seniors.

Any seniors or teacher's name could be put down and each dollar of merchandise purchased at the Sweetbrier counts as one vote. The contest started in September and will continue through May. The scholarship grows larger with the largest one of $1,000 a year for four years given to those who receive 18,000 votes or over.

Jean's and Valeta's names were the only seniors submitted from this area and each already has several votes.

Mr. Holland, the field representative, has visited each of the girls and encouraged them to notify their friends and ask for their help in achieving a higher scholarship.

"We really do appreciate the votes we have already received and know that the community must be behind us to have gotten as far as we have. We want to reach a high goal and want everyone to help us if you can," state Jean and Valeta.

Mrs. Perry Bell, home economics instructor, was ill of flu during last week's vacation.

D. R. WEAVER IS HONORED WITH PARTY ON BIRTHDAY

Thursday evening, Feb. 12, D. R. Weaver was entertained with a birthday party in his home at 2111 Second Avenue. The group sang and recorded songs with George Friemel accompanying on the guitar. Later in the evening the guests were served heart shaped birthday cake and individual red heart shaped cakes, mints, coffee and nuts, and pink and white ice cream from a beautiful lace covered table lighted with red candles.

Among the guests were Mr. and Mrs. George Friemel, Carol Jean and Marion Kay of Umbarger, Windy Conant, W. R. Conant and H. V. Lee of Amarillo, the honoree D. R. Weaver, the hostess Mrs. D. R. Weaver, Willie Mac and Vicki Ann.

I am sick and tired of politics taking precedence over the country's welfare. —Sen. Carl Hatch (D.-N.M.)

WILLIE MAC WEAVER IS HOST TO FRIENDS AT PARTY

Friday afternoon Willie Mac Weaver entertained a group of his seventh grade friends with a valentine party in his home at 2111 Second Ave. The group of children played games and sang songs and each one put together a puzzle which made a red heart when completed. Prizes were awarded those finishing first.

Later refreshments of heart shaped cake, pink and white ice cream, and heart shaped candies and nuts were served from a lace covered candlelit table by Mrs. D. R. Weaver to the following guests: Janelda Cunningham, Mary Owens, Grace Sheets, Francis Cunningham, John Quillen, Jerry Downing, Janice Waldrop, James Joyner, Shirley Glenn, Billy Gene White, Dick Dawdy, Lynn Williams, Bobby Sue Gressett, Peggy Joe Bonds, Alma Bishop, Vicki Ann Weaver and the host.

FRANKLIN SERUMS

THE STATE OF TEXAS
To: Percy Walters, whose residence is unknown, Greetings:

You are commanded to appear and answer the Plaintiff's petition at or before 10:00 A. M. of the Monday next after the expiration of 42 days from date of issuance hereof, the same being at or before 10:00 A. M. on the 15th day of March, A. D. 1948, before the Honorable District Court of Randall County for the 47th Judicial District of Texas, at the Court House in Canyon, Texas. Said Plaintiff's Petition was filed on the 28th day of April, A. D. 1947.

The File Number of said suit being 1971.

The style of the case is Maude Walters, Plaintiff versus Percy Walters, Defendant.

The nature of the case is as follows: Plaintiff seeks a divorce from Defendant, dissolving the marriage between Plaintiff and Defendant, on grounds of cruel treatment of Plaintiff by Defendant of such nature as to render their further living together insupportable. Plaintiff asks that community property homestead of Plaintiff and Defendant located on Lots Eleven (11) and (12), Block Sixty (60) of the Original Town of Canyon City, Randall County, Texas, be set apart and full title vested in Plaintiff and her minor son, Richard Walters, and that all title be divested of Defendant in and to such described property.

This citation is to be served by the Sheriff, by making publication of this citation once in each week for four consecutive weeks previous to the return date hereof, in some newspaper published in Randall County, Texas, the first publication to be at least twenty eight (28) days before the return day of the citation.

Issued this the 27th day of January, A. D. 1948.

T. H. LAIR, Clerk of District Court of Randall County, Texas.

Given under my hand and seal of said Court, at office in Canyon, Texas, this the 27th day of January, A. D. 1948.

(Seal) T. H. LAIR,
Clerk District Court,
Randall County, Texas.

A new process for improving plastic surfaces may mean as much to plastics as nickel and chromium plating have meant to steel. Developed by the Bjorksten Research Laboratory for the Nash-Kelvinator Corp., the baked on coating prevents chipping, increases durability, and will make plastics usable—and cheaper than metals—for many radio, auto and household uses.

Dr. Hill Leaves For Conventions

Atlantic City First Stop; To Report to UN Institute, New York

President J. A. Hill left last night for Atlantic City, New Jersey, where he will attend a convention of the American Association of Teachers Colleges.

Immediately after the AATC convention there will also be a meeting of the National Educator's Association, also in Atlantic City. Dr. James L. Russell, education professor, will leave later this week to attend the NEA meet.

Dr. Hill will then go to New York City where he will attend a United Nations Institute, sponsored by the NEA.

While at the Institute President Hill will make a report on "What Is Being Done in the Southwest to Advance the Cause of the United Nations." He said in an interview Saturday that this report would be to tell what is being done to acquaint the people of Texas, New Mexico and Oklahoma with the work of the United Nations and affiliated organizations.

While at the UN Institute Pres. Hill will have a chance to attend meetings of the UN Security Council, United Nations Economic, Social and Cultural Organizations, and other workings of the international group.

He said he will probably be back in Canyon on or around March 1. He will give a report of his trip at the next faculty meeting, scheduled for March 9.

The cash calue of courtesy is being determined by the National Grocers Institute with the use of photo recorders. So far they have learned that when super-market checkers greet each customer with a smile and a few friendly words, lines move faster; more customers with more purchases pass through; and buyers co-operate by having money ready and arranging goods on the counter.

Self-service gas stations with 18 to 20 pumps at high traffic corners on main routes are doing well in Los Angeles. Customers like the 5c-less-than-regular price even though they have to drive to the rear to help themselves to air and water, wipe their own windshields.

Attention Farmers: Regardless of markets, steel is still scarce, and hay ties are scarce. We have about 75 bales left. Better let us book your orders now and save worries this summer. Consumers Warehouse.

Uncertainty about how far Government authorities may go in an attempt to check inflation by bringing on a limited planned recession now is disturbing bankers, business men and the stock market. A planned setback, even under favorable conditions, is likely to turn into a major slump. Today's domestic and foreign situation will make it hazardous despite careful planning.

In a phone call to the editor of a local newspaper, a man explained that his uncle had been a regular subscriber for half a century.

"He's always been a model of propriety—doesn't smoke or drink; never uses strong language and hasn't ever been to a theater or the cinema," the nephew explained. "In fact, my uncle has absolutely no vices or excesses. And he's going to celebrate his 80th birthday tomorrow."

"How?" asked the editor.

A new television magnifier having a mineral oil filled lens to enlarge pictures has been developed by RCA. It expands images received on 7- and 10-inch tubes to the size and brilliance of pictures produced by 15-inch tubes. At $59.50 they're going as fast as dealers receive them.

I cannot believe that the best interests of society require the hanging of a child.—Gov. Monrad C. Wallgren, State of Washington, commuting death sentence of Joseph Maish, 17, convicted murderer.

A Cappella Featured In Variety Shows

The A Cappella choir, under the direction of Glenn A. Truax, assistant professor of music, will be featured in Variety Show No. 2. In his announcement yesterday, Truax revealed the No. 2 Show is tentatively scheduled to travel through the South Plains sometime during the latter part of March and the first of April.

Thirty members of the choir will travel with the show, Truax said.

Featured artists will be June Wimberly, junior, and Carlyn Wimberly, senior from Canyon, violins; Dalton Teague, junior from Canyon, violin, "hill-billy" style; Thelma Mercer, sophomore from Silverton, and Bill Hutchinson, sophomore from Pampa, vocals; Virginia Reid, sophomore from Canyon, dance; and Virginia Hunter, sophomore from Canyon, reading.

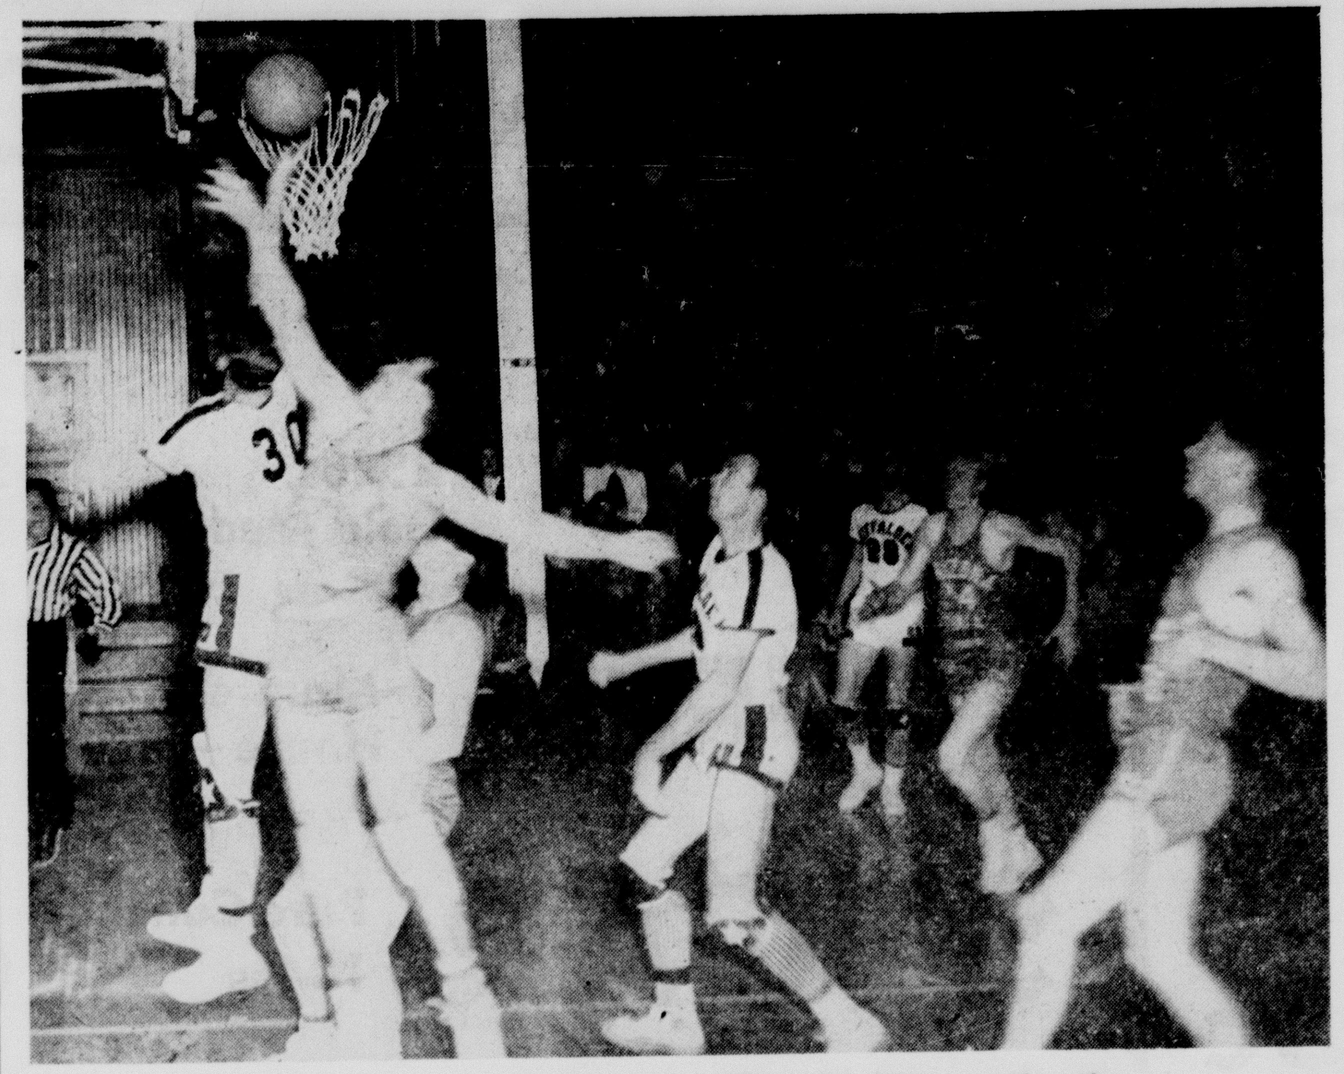
Buffaloes Win Two Games From Arizona Teams



Bill Birdwell, sophomore from Dimmitt, drives under the basket to score for WT in the Flagstaff game.

* * * * * * * * * *

For the first time in quite a while the Buffaloes have more Border Conference wins and losses in Conference play. This was gained by the Hustlin Buffs downing two Arizona foes last week.

Both teams came to Canyon boasting a better conference record than of West Texas State, but left with bitter defeat as the Millermen just couldn't be stopped.

Last Wednesday night found the Buffaloes ready to revenge a loss they suffered at the hands of Tempe some weeks ago; and they did to the tune of 45-39. The Buffs grabbed a lead in the opening minutes of the game and were never behind. Arizona State of Tempe pushed the Millermen many times but just couldn't seem to pull in front of the Buffaloes.

The Sun Devils made 14 field goals to 13 for the Buffaloes, but the Buffs made 19 free shots to 11 for Tempe. The Millermen held a 22-15 lead at the halftime and were out in front 35-25 as the last quarter began. At this time the quintet from Arizona made a gallant but futile bid for victory, but the Buffs staved off this threat. In the last 10 minutes of play the Millermen were unable to hit a field goal but counted 10 points from the free throw line to win the game.

Although the weather was bad a crowd of 1,100 was on hand to see the affair. The most remarkable thing of the game was the way the Buffaloes bottled up Tempe's star player, Verl Heap. Up until this game he ranked 19th in the nation for scoring the most points, but he only made six points the whole game here at Canyon. Fouls were fast as there were 54 called during the game. 28 fouls were called against Tempe and 26 against West Texas State. Boyce Box was high point man for the night with 11 points, followed closely by Glenn Braden with 8 points.

* * * *

The following night found Arizona State of Flagstaff playing here. The game was fast moving and provided some exciting moments for the crowd. Since it was so cold, many times the ball slipped through the hands of the players and was recovered by the opposing team. Once again the Buffaloes lead from the opening minutes of the game and were never overtaken by the Lumberjacks.

The first half of the game found the Buffs muffing the hotshot of the Flagstaff game. He was Vincent Cisterna and he did not make a field goal. In the second half of the game he still was unable to get to the basket but he did make three points from the charity line. About the same number of people as the night before watched Cloyce Box score 14 points to become high scorer for West Texas State that night and Glenn Braden was once again next high scorer with 12 points.

Don't let the next cold spell catch your car short on anti freeze. Get your alcohol or permanent type anti freeze at Consumers Service Station.

Ohio's Sen. John Bricker is far from being counted out of GOP Presidential nomination plans. Insiders, aware of Bricker's great personal popularity and abilities, rate him as one of the strongest men to bring harmony into the GOP in the event of a Taft-Dewey deadlock.

Highland News

There was a good crowd at the Highland Farm Bureau Friday night despite cold weather and bad roads. The magician and picture show did not get there, but the crowd enjoyed playing progressive "42."

D. McDade was operated upon last week at Northwest Texas Hospital and has been seriously ill.

Mr. and Mrs. Glen Allred's little girl underwent an appendix operation last week, but is reported to be doing nicely and expected to be brought home soon.

Mr. and Mrs. Harry Fuqua of Pampa spent Friday night with Mr. and Mrs. Bobbie Walton at Bushland, and Saturday night at the Carl Fuqua home.

Mr. and Mrs. H. H. Elam left Sunday morning for Los Angeles, Calif., to visit his brother-in-law, Bill Brown, who is seriously ill.

L. J. Fulton and Bob had the misfortune to lose several head of cattle last week.

O. J. Brown returned home from his visit to East Texas last week.

Annetta and Tommie Cage attended a Valentine party of their Sunday School class in Amarillo last Friday afternoon.

Mr. and Mrs. Ray Debenport, Mr. and Mrs. Harvey Fuqua and Mr. and Mrs. Harry Fuqua had Sunday dinner at the Howard Fuqua home.

Mr. and Mrs. P. M. Elrod visited her brother near Happy Sunday.

The people south of Wildorado are now enjoying the electricity they have been looking for for two years.

Umbarger News

Mr. and Mrs. Charles Skarke spent Sunday evening with Mr. and Mrs. Otto Skarke.

Mr. and Mrs. Charles Friemel spent Sunday in the home of Mr. and Mrs. Alvin Friemel.

Mr. and Mrs. Alfred Friemel spent Sunday in the home of Fritz Friemel.

Mr. and Mrs. Vincent Skypala and Henry Skypala were dinner guests in the home of Mr. and Mrs. Ted Irlbeck.

A. L. Adms spent Sunday with Bill Tucker.

Mr. and Mrs. Bill Holland spent Sunday in the home of Mr. and Mrs. McKinzey.

Mr. and Mrs. Paul Artho and Mr. and Mrs. Elroy Artho were dinner guests in the home of Mr. and Mrs. John Wieck.

Mr. Friemel and daughters spent Sunday with Mr. and Mrs. Prizilas and family.

Exchanging visits were: Barbara Raef with Mary Jansen, Betty Higgins with Helen Raef, Elizabeth Ann Beckman with Betty Hoffman, Louis Raef with Jimmie Jansen, Dorothy Skarke with Estella Friemel, and Marcel Fischbacher celebrated his seventh birthday Sunday.

Harold Stassen lost powerful backing when he insisted on running in the Ohio primaries for convention delegates, thus breaking a standing rule: Never invade the other fellow's back yard. And despite his fervent denials, the former Minnesota governor will snap at the chance to run as Vice-Presidential candidate on a Taft, Dewey or any other ticket.

GRIFFIN'S TRUCK STOP

Because it so happens women live longer than men, they provide more cases of mental illness involving senility. But the men provide more alcoholics.—Dr. Winfred Overholster, superintendent, St. Elizabeth's Hospital, Washington, D. C.

The report is wholly untrue that I will resign if Congress does not pass the European Recovery Plan in the manner I propose. Such action would be inconsistent with everything I have learned in public service.—Secretary of State Marshall.
